# TO DEDICATE NEW FOOTBALL LIGHTS FRIDAY

## Village board divided on 2 family homes

The affairs of state ran smoothly Monday night for Arlington Heights village board until near midnight when the board members put in some overtime trying to decide whether to accept the recommendation of the board of appeals regarding construction of two-family houses in Arlington Ridge. The vote was four to two with trustees Hartman and Luehring voting no.

**DIFFERENCES** of opinion regarding street improvement by two owners of property in Lauderdale was thrown into the laps of the board, which remained neutral except demanding that the improvements extend to Central road.

Barricades on Kennicot ave., Arlington Park, as a safety measure, brought forth criticism. After a lot of suggestions, the developer and the village agreed to cooperate on making the fill of the "half-and-half" areas which will provide the same trade for unpaved portions as well as paved parts of the street.

## Lutheran Mission Crusaders' festival Sunday at Heights

Members and friends of the Lutheran Mission Crusaders will assemble at the Old Peoples Home Park, Arlington Heights, Sunday afternoon, September 21 at 2:45 p. m. to celebrate their fourth annual mission festival. The main speaker will be the Rev. P. H. Scheer of Zion Lutheran church of Hinsdale and will be assisted by the Rev. F. C. Pudsell of McHenry. The Rev. Herbert H. Heinemann of Barrington and the Rev. Herman C. Noll of Round Lake, Illinois.

The Lutheran Harmony Band of Chicago under the baton of Dr. Royal Reimer of Oak Park will accompany the singing. Prof. Victor Hildner of Concordia College, River Forest will lead his 60 voice high school chorus. Members report this will be the largest celebration thus far, many thousand expected to attend.

The principle objectives of the Lutheran Mission Crusaders, an organization of laymen of the Lutheran church, is to materially assist new mission churches and schools. During the eight years of its existence, it has been instrumental in supplying many new missions with equipment such as pews, chairs, pianos, organs, baptismal fonts, school desks, teachers desks, blackboards, window shades, books, etc. In several places substantial assistance was also given.

Sandwiches and soft drinks will be served at a nominal cost.

The organization meets every third Tuesday of the month. Recent meetings were held in various towns, but the home office is located at Mt. Prospect. William Bendix of Arlington Hts. is the president and the Rev. J. E. A. Mueller of Mt. Prospect is spiritual adviser of the organization.

There will be ample parking space and no charge.

## Cub scout picnic this Saturday

The den dads of Arlington Heights Cub Pack 232 have completed plans for combined picnic and pack meeting to be held Saturday, September 20, at Elk Grove, south, beginning at 2 p. m.

Each den dad has been asked to invite the cubs in his den and their families to the picnic and all boys 8½ years old to 12 years who wish to join Cub Pack 232 are also welcome, with their families, to visit and enjoy the picnic.

**GAMES** and contests will be featured during the afternoon program. All cubs will be registered as they reach the picnic grounds and will be given an opportunity to participate in the following events: fifty yard dash, tug-o-war, relay race, distance ball throw, chariot race. All contests will be divided into age groups and awards will be given to winners in each group. Pop and ice cream will be served so that no one will lose at this picnic.

Cubs and their families are asked to bring a picnic supper which will be followed by a campfire and pack ceremonies inducting new cubs and graduating Webelos cubs into scouting. Several skits will be enacted during the program by the cubs.

## Arlington police arrest first motor bike operator

A 16 year old Arlington Heights boy, operating a Whizzer motor bike was arrested by Officer Karsens Tuesday afternoon, charged with dangerous driving and passing through a red light. Police saw him travel on the wrong side of Northwest Highway, pass a red light and drive 40 miles an hour, endangering not only his own life but of the two passengers on the back of his bike.

The police are not interested in the small fine that will probably be inflicted, but want this arrest to serve as a warning for all motor bike owners who are inclined to go joy riding.

Police Chief Skoog warns parents that operators of motor bikes, no matter how small or large, must have a driver's license and are subject to all laws that apply to the driver of an automobile. He also warns that police officers have been instructed to stop the practice of carrying passengers on the rear of such bikes. "This action is a safety measure," says Skoog. "Too many boys think that they can disregard all traffic rules."

Judge Neumann made it two and two Wednesday, because it was the first offense, but with the publication of this article, future fines will be higher.

## Many Lutheran church dignitaries attend installation

In a most impressive ceremony in which over twenty ministers participated the Rev. Edgar H. Behrens of Philadelphia, Pa., was installed as the first pastor of the newly organized Faith English Lutheran Church last Sunday evening. The installation service was held in the Arlington Heights high school auditorium which was filled to capacity by members of Faith church and friends from this area, Chicago, and more distant places.

The Rev. Arthur A. Yoss of Riverside, who served the local church from its inception and guided it with great ability in effecting its organization and in the acquiring of the choice property on So. State road, delivered the charge to the pastor and the congregation. The solemn rite of installation was administered by the Rev. Dr. Herman Bartels of Cleveland, Ohio, president of the English district of the Lutheran Church, Missouri Synod. The Rev. B. H. Hemmeter, of Chicago, Regional vice president, and the Rev. George L. Luecke, also of Chicago, circuit visitor, assisted in the induction ceremonies.

The Rev. George L. Luecke, also of Chicago, circuit visitor, assisted in the induction ceremonies. An unusual feature of the service was the presence of two of Mr. Behrens' college and seminary classmates, the Rev. Luther Schaeffer and the Rev. John Roeder, who served as Liturgists.

The Ladies Guild of Faith church furnished and arranged several baskets of flowers which served as a beautiful setting for the attractive altar which the men of the church had erected on the platform for this special service. The choirs of Our Savior Church, Norwood Park, Chicago, under the direction of Mr. E. C. Setzer rendered appropriate anthems and led the congregational singing.

The Rev. Mr. E. H. Behrens, who has served his church for twenty years in greater Philadelphia as pastor to St. John's Lutheran church, the mother church in that area, and as founder of six flourishing daughter churches, is greatly pleased with our growing city of homes and the fine prospects of his new charge. His residence is located at 402 South State road and he is eager to render friendly services to the community in the spirit of the Good Shepherd.

Pastor Behrens will preach his introductory sermon next Sunday morning at 10:45 at the Arlington Heights Field House and a large congregation is anticipated. A most cordial invitation is extended to all. The Sunday school, under the leadership of its Superintendent, Mr. Henry J. Schroeder, meets at 9:30. The members of Faith church are hard at work making plans for the erection of a suitable church edifice in the Scarsdale section.

## Combine clothing resale with rummage sale

A clothing resale and rummage sale will be held September 27 in the Lutheran school basement. It is being sponsored by the Dorcas Aid of the Arlington Heights St. Peter church. Doors will open at 9 a. m.

## Antique and hobby show attracts many visitors here

To the Methodist Meeting house in Arlington Heights from all sections of Chicagoland and neighboring states, hobbyists and antique fanciers are drawn this week for the fourth annual antique and hobby show which opened Wednesday.

DEALERS' SHOPS are the first objectives of most visitors, eager to have the advantage of first choice of many beautiful and unusual articles offered. They find the collections conveniently and attractively displayed in small shops featuring the best in traditional furniture, decorative china, glass, copper, pewter and silver; and the lovely old jewelry which is such a vogue with smart women today.

Wednesday evening's show was highlighted by the Camera Club contest for Miss Hobby Show, and amateur photographers taking advantage of the opportunity to take pictures of the four finalists with settings and lighting furnished by the Camera Club.

TABLE SETTINGS and quilts are shown in St. John's Church, where afternoon tea is served.

Mrs. Lewis F. Draper, in charge of table settings, has emphasized practical ideas for modern entertaining, and the shower and holiday tables are receiving much favorable comment. The quilt display is always a popular one with feminine visitors of all ages, since little girls love to show their skill with the needle in "piecing", and grandmothers enjoy the sociability of a quilting bee. Mrs. Frederick Schmoyer has arranged this year's exhibits.

The series of pictures from the Chicago World's Fair are of particular interest now, since fashion has dictated a return to the silhouette of that period. The loom and handwoven fabric, and the man's suit tailored from it, is the hobby of a male exhibitor. Hooked and braided rugs, wood carvings, miniature coaches, the famous cliff dweller scenes, as among the handicraft hobbies shown.

PRIVATE COLLECTIONS

have an important place in this year's show. From south Pacific islands come models of Japanese fishing boats, a carved chest and feather fans. The stamp section will include valuable Swiss issues as well as Bavarian and Spanish collections. Guns, miniature slippers, dolls, butterflies, pitchers, doorknobs, lamps, and individual heirlooms with historical value, make this one of the most complete and interesting exhibits ever shown in this area.

Delicious meals have always been a popular feature of the antique and hobby show. The dining room committee, headed by Mrs. Lester McAuliffe and Mrs. Charles Deigl, promise the same fine food, good service, and pleasant atmosphere of other years.

The menu for lunch Thursday will be a fruit salad with rolls homemade cake and coffee. On Friday the women will serve a hot dish. Dinner on Thursday

## Plan seats for first 2,000; Cards hosts to Barrington

Arlington Heights high school will dedicate the newly installed flood lights at its athletic field Friday night. It will be a home school program with the dedicatory address being given by John Fellingham, president of the school senate. Barrington high school, whose football team is the visitor in the first game under lights in the local school, are bringing down with them their band and a great crowd of rooters.

Arrangements have been made with Mr. Thomas, superintendent of schools at Barrington and Mr. McElroy, principal of Palatine high school, to use some of their portable bleachers. These with the bleachers that have already been installed at the high school, will make 2,000 seats available for fans for the opening of the game.

**FLOOD LIGHTS** in Arlington became a necessity on account of the present state law which requires that all athletic equipment be purchased from athletic funds, meaning gate receipts. Football is an expensive sport and daytime games do not draw sufficient crowds to make the sport self-sustaining. Nearly all the schools in the northeast conference have lights. If Arlington intended to maintain its place in conference sports, night lighting became a necessity.

The taxpayers, at a special election early the past summer, authorized a bond issue, part of which was for that purpose. The installation was pushed and the lights are ready for the opening of the football season.

THERE HAS been no advance in regular prices for the dedication. Adult tickets are 60¢, including tax; students, 35¢.

If the experience of other schools are any criterion as to the attendance at night games, Arlington can expect a crowd of not less than 3,000 persons at Friday's game. Palatine is considering a similar installation and a great number from that community are also expected.

**THE KICK-OFF** between Arlington Cardinals and Barrington Bronchos will be at 8:30. Tommy Kouzmanoff will be referee. Robert P. Kelton, Libertyville, umpire, and James H. Carahan, Chicago, head linesman.

Entertainment between halves will be given by the two bands and the "Peppers" of Arlington school. A "Kick-Off" dance will be held in the high school gymnasium after the games. Music

will be Swiss steak, browned potatoes, green beans and on Friday baked ham, scalloped potatoes and corn. Hot rolls, the tempting relish tray, homemade pie and coffee will complete these menus.

**MRS. HAROLD E. OLSON** is general chairman of the show, assisted by Mrs. Marvin Prellberg, co-chairman. Properties were arranged by Mrs. O. R. Cline, and Mrs. H. Gregg handled publicity and advertising. The hobby section was planned by Mrs. John Shanklin, and Mrs. E. H. Heller had charge of the dealers' display.

Mrs. Charles Stadelman is president of the Women's Society of the Methodist church, sponsors of this annual event, which will run through Friday, with hours from 11:00 a. m. to 10:00 p. m.

September 29 is the date set for the Martha Circle of Arlington Heights St. John church bake sale. The sale will begin at 2:30 p. m. and will be held in the church assembly room. Pie orders for this sale will be the only orders taken in advance. Those wishing to order pies should call Mrs. Al Adam at Arlington Heights 1967-M.

The Herald has a record of 32 lives taken during the war whose names will appear on the plaque.

Before the memorial is ordered, it will publish the names of these men to help prevent any errors or omissions.

Vigil Horath is chairman of the committee working on the project.

## Lions plan bronze plaque for Arlington Heights 'gold stars'

A bronze memorial plaque listing the names of those from Arlington Heights who lost their lives in World War II, and honoring those who served, is contemplated by the Lions club.

Since time and weather are rapidly defacing the honor roll erected by the Lions during the war at Dunton and Davis street, the Lions are considering the offer to the community of a permanent record of the "Gold Stars" that will be displayed at a prominent spot in the village until finally placed in the Memorial Library, if constructed.

The Lions are considering the offer to the community of a permanent record of the "Gold Stars" that will be displayed at a prominent spot in the village until finally placed in the Memorial Library, if constructed.

In reply to numerous inquiries,

it is not necessary to own a car to enroll in driver training.

Beginners and advanced students may enroll in driving classes,

as both phases will be covered.

## Many registering for adult classes

Much interest is being shown in the community in the adult education program which will start October 13 at the Arlington Heights high school. Tentative enrollment blanks are already being received for various subjects and classes are beginning to shape up.

St. Peter school is fully accredited and has a separate teacher for each grade, including the kindergarten, which is conducted with morning and afternoon divisions.

The Mothers' Club, Lutheran organization, for the support of the school, met last Friday and made plans for a progressive year. The children's choir will make their first appearance in the church services soon.

E. W. Klammer, a new director of music in the school, is in charge of the choir.

## Driver training class enrolls fifty

The new course in driver training at Arlington high school, taught by Mr. Gibson, a specialist in this field, has enrolled fifty students for the first semester course. Students are enrolling in this course in addition to their regular work. One-fourth credit is given toward graduation.

## Arlington Manor residents form association Sept. 15

Residents of Arlington Manor and adjoining area in the vicinity of Arlington Heights and Central roads, have formed an improvement association, meeting twice monthly in the homes of its members. Walter Krause, Arlington realtor, addressed the association Monday evening, when he discussed measures that should be taken as a protection to existing property values.

"Arlington Manor, if it can be kept 'clean,' will benefit from its proximity to Scarsdale Estates," Mr. Krause stated.

The members are particularly interested at present in the size and nature of homes to be erected.

Enrollment in Arlington Heights elementary schools passed all guesses this week when the registrations reached 700. With the present building program the school facilities are adequate for such an enrollment. As soon as one additional room in the South school is completed, the classes will be of average size, in the 28 to 30 group. The kindergarten is the only department that is crowded.

Arlington Heights school system has 30 teachers, including the superintendent. School ses-

sions begin on September 1.

Community Camera

## Get tickets early

Arlington football fans are urged to procure tickets for Friday night's game early at any of seven Heights business houses before 2 p. m. the afternoon of the game. At that hour unsold ducats will be returned to the high school for sale at the game, at which time waiting in line for tickets will probably be necessary.

Admission for the game is 60¢ for adults, and 35¢ for students. Ducats can be obtained at Bowling Lanes, Millay's Ice Cream Shop, Sieburg Drug, Lunning's Serv-U-Well, Firestone store, Big Freeze and Arlington Candy shop.

Tickets for the dedication game are also on sale at the following schools: North School, South School, High School, St. Peter's Elementary and St. James Elementary.

This ticket is a souvenir and printed so that the stub may be torn off and the ticket returned to part of the ticket may be kept as a souvenir.

## Special orchestra at Kickoff Dance this Friday night

**BIDS WILL** be advertised next week for new northside pump house, or remodeling of same. Public Health Committee of Woman's club was granted permission to hold a tag day in October.

Complaints of clogged sewers causing flooding of a few pavements will be investigated by the street department.

Police committee will secure advice of experts before purchasing new car radios.

Arthur Franzen and Hugh Nichols were reappointed as trustees of the Police Pension Fund, which will be transferred from village treasury to their custody.

Special police service will be provided and streets blocked for the Lutheran Crusaders event to be held Sunday near Old Folks Home.

Delinquent water bills for six months total \$600. Dunton and Davis is considered Arlington's most dangerous intersection. Stop signs will be painted on the pavement.

## Record enrollment at St. Peter school

The enrollment at St. Peter Lutheran school, Arlington Hts., has passed the 300 mark. Monday, September 15, it stood at 305, a new record for the school. Nine teachers began the task of teaching and training on Tuesday, September 2, after a divine service that was conducted in the church.

St. Peter school is fully accredited and has a separate teacher for each grade, including the kindergarten, which is conducted with morning and afternoon pay.

The foregoing just hits the high spots of a heavy business evening for the village trustees.

(Note: They do not draw overtime pay.)

## Harvest Home Festival to be observed at St. John's Sunday

## IN MEMORIAM

In loving memory of Margaret Ueseling who passed away three years ago September 20. Deep in our heart lies a picture of a loved one laid to rest. In memory's frame we shall keep it, Because she was one of the best. Loving daughters, Mrs. Albert Klein and Mrs. R. J. Rizzi.

## Fire Retardant

The otherwise "fireproof" building may be daubed with thick films of oil paint that burn with evolution of dangerous heat and smoke. Navy paint, developed during the war as a fire retardant, may be used on land as well as on sea structures. The hold-back properties come from such ingredients as antimony oxide, aluminum flake and vinyl resin.

**Arlington woman tells of privations and shortages in England and Europe**

"It was a wonderful sight, our Statue of Liberty, and as I viewed it through the gray mists of early morning I thanked God I was an American, for the privileges we have and take for granted that are not bestowed on other English speaking people." Thus spoke Mrs. William Forrest of Arlington Heights as she was coming into home port after spending three months in England, Scotland, France, Wales and Ireland.

Mrs. Forrest sailed June 9 on the Queen Elizabeth for Southampton, England. Enroute she enjoyed a complete tour of the ship, which she discovered was on 11 levels. She also had

several swims in the ship's pool. The Queen Elizabeth landed at Southampton about 10:30 at night on June 14 and was pushed into dock by seven tugs that didn't do much as rock the huge ship once in the process. It was still daylight at that time as England is on a two hour twilight time in order to give the working man some daylight hours for recreation.

"The EAST end of London is almost completely wiped out," said Mrs. Forrest. "Maybe one building or a wall or two of another, may be standing upright in every three block area but everything else is full of holes and debris. No rebuilding has been started as there isn't even man power, let alone glass, lumber, plumbing or other necessary building material, although some bricks and tile have been salvaged from the debris and cleaned and stacked for future use."

"While in London I stayed with a cousin who is superintendent of nurses in the London hospital. She had been bombed out of three homes during the war.

"STAPLE FOODS such as meat, butter, eggs, sugar and bacon are severely rationed. One pint of milk per day, per family, is about the hardest to get, though the one egg, two ounces of margarine, 2 ounces of sugar, one ounce of lard, and one strip of bacon, per week, per person can be considered far from adequate for a healthful diet. All meat, which is mostly veal or lamb, is sold frozen and each person is allowed one fourth pound per week.

"The Armour, Swift, and Libby companies send over canned goods, but ration points are so high on them that the people can afford to purchase only one No. 2½ can per month. American canned fruit is most desirable because it is put up in a sugar syrup, thus saving a little on their rations. Much of the canned goods are sent to Norway, Sweden and Switzerland in exchange for more necessary dairy products.

"CLOTHES RATIONING is just as severe as the food rationing. If a man bought one suit a year he would not have enough points left over to buy so much as a tie to go with it. One thing I did notice though, was that the quality of British clothing material was on a very high standard, so even though they can buy little clothing, what they do get is of lasting quality.

"England is mountainous country, its lands separated by stone dikes. The ground in most places is filled with shale and slate, thus making it impossible to grow the vegetables and grain that is so very much needed. Besides this, the growing season over there, is very short and the temperature seldom, if ever, goes over 85 degrees. Previous to the war England had imported most of its vegetables, fruits, corn, etc., from her colonies. Now she has nothing to give in exchange so the colonies will not supply her.

"The American dollar is highly prized in England and France. We were no more than a day out to sea when we were approached by English people to exchange our American money for English pounds. There is a flourishing money blackmarket where one can get as high as \$8.00 in British or French money for \$5 in American money.

"FIFTEEN DOLLARS a week is the average wage in England and a person is richer by far if he owns cattle or chickens than if he has a lot of cash. One man bought his year's supply

## BILL NORTH

We have certainly had a swell turnout for the continual redeco-  
week and the week before. We  
had more kids than we had paint  
brushes but there was plenty for  
them to do. They painted the  
lounge and the dance room. They  
painted the ceiling and the floor  
and the walls. They washed the  
whole of the Y. C. There was a  
great amount of enthusiasm as the  
kids prepared for the big opening  
tentatively set for September the  
24th Among the hard working  
members of Ramble Inn were  
Dorothy Heidorn, Barbara Lloyd,  
Dolores Windheim, Marlene Becker,  
Lois Krober, Dawn Niemeyer,  
Sylvia Ann Brown, Mary Lou  
Savers, Barbara Tichy, Joy Her-  
mesdorf, Willard Rasmussen,  
John Gable, Bob Shanley, Phoebe  
Ann Ellis, Betty McCall, and  
Mary Ann Heimsoth.

Taylor Lewis and Orv Schaeffer  
have done a brilliant job on  
designing the color scheme, and  
mixing the paint. There's was  
the responsibility of seeing that  
the kids did a good job and they  
really were great supervisors.

We'd like to also thank Mr.  
Schaeffer for giving us invaluable  
suggestions and assistance.

Dieppe does not have a single  
pane of glass in the whole town.  
Pill box fortifications that were  
built in solid rock walls can still  
be seen when approaching the  
harbor. Mrs. Forrest only stayed  
long enough to view the town  
as the food shortage was too  
acute to afford visitors to share it.

She spent 10 days in Paris  
and Versailles and from a historical  
and beauty standpoint, she said it would be hard to surpass. Mrs. Forrest also said  
she walked many a mile in  
France searching for a drink  
of water, which was next to impossible  
to find. One thing that  
France did have was plenty of  
fruit and it was sold at reasonable  
prices.

GLASGOW, Scotland was Mrs.

Forrest's next stop. She visited  
more relatives there and spent  
some time in Edinburgh, capital  
of Scotland, and Troon, which is part of Ayre, Scotland,

where nine of the British Empire's forty millionaires live.

It is noted for its beautiful beaches  
and breathtaking view of  
sheer cliffs, fields of purple and  
white heather, and green Scotch pines.

Scotland has large dairy farms  
and because of them its people  
live in a little less poverty

than the English people do.  
Cattle and sheep are very plentiful there.

The main reason for Mrs. Forrest's trip was to pick up her  
mother's share of her late grandmother's estate, which was located in the southern part of Scotland in a town named Wigtonshire.

She brought back with her some valuable antiques and  
family heirlooms.

BEFORE RETURNING home

on the Queen Mary she spent a short time in Liverpool, a day in Ireland and a week in Wales. She said that the people in Wales live very quietly and are content to stay in their own back yards.

"I have probably told you the bleakest side of my trip," she said, "but along with learning how the other half lives, I also saw sights and scenes I shall long remember. Maybe when people read in their own paper what conditions are like over in England and France they will be more inclined to believe them and will understand more clearly why they so desperately need the help of the American people."

Mrs. Martini has been employed to help in the cafeteria due to the increase in enrollment and students having their lunch at school. Following are the menus for next week:

Monday: Tuna fish, noodles, tossed salad, bread, butter, milk, banana-jello salad, cookies.  
Tuesday: Hot dogs, scalloped potatoes, pineapple - cottage cheese salad, raisin-custard pudding, milk.  
Wednesday: Cream of potato soup, sandwich - ham salad, fruit jello, banana cream pudding, milk.  
Thursday: Corn-cheese pudding, tossed salad, sandwich, apple or rhubarb cobbler, milk.  
Friday: Baked lima beans, sandwich, tomato or cucumber salad, fresh fruit, milk.

VFW presents colors

Sylvester Greschner, commander of Arlington Heights V. F. W., presented the national colors to two of the five schools here the past week. The high school received them at a general assembly program last Friday at which Greschner gave a history of the flag.

"Constitution Day" ceremonies were held Wednesday at St. James in which he was assisted by Louis Brodnian in marine uniform. The VFW intends to present the colors to the Lutheran school and the North and South side schools in the near future.

## RAMBLE INN

## 'N OUTINGS

strong  
And protected her from going  
wrong.  
A greater document you'll never  
find  
But it alone won't make us free  
It's what we do and what we be  
That preserves our liberty.  
So let us all stop and recall  
Then make sure that we  
Never shame America's name  
Or our posterity.

Order health officer  
to inspect food stores,  
restaurants, quarterly

Arlington Heights health officer  
has been authorized to make an official inspection of each  
ice cream parlor, restaurant and  
all stores dispensing food. It is  
both a sanitary and fire protection  
move, says the village board.  
Acting on a general order, no  
business house will be singled  
out for special attention although  
there have been numerous complaints  
in some instances.

The health department will issue certificates attesting to the  
cleanliness of each establishment  
that meets sanitary requirements  
which, when posted, will assure  
customers that they are trading  
at an inspected store, or restaurant.

The health officer has found  
that places she has been asked  
to inspect have varied standards  
of cleanliness.

Evening Guild has  
first meeting

Thursday evening, September  
11, St. John's Evening Guild of  
the Mt. Prospect St. John church,  
held their first meeting at the  
home of Mrs. Allan Armstrong  
in Prospect Heights. Mrs. Geo.  
Adam, president, called the  
meeting to order and many plans  
for the coming year were made.

The dance will be a great event.  
The music will be smooth and  
very danceable. Don't forget to  
be there. Make it a really big  
evening.

The Constitution of the U. S. A.  
16 decades ago yesterday.  
Was signed.  
It has made America great and

## Service BULLETIN

Browsing through the old burial acres of Northern Illinois, we were caught by the charm and beauty of the simple, sometimes crude tombstone artistry. Realizing that this stone art is passing, we selected some of the symbolic images and

designs for our story which is another in the historic landmark series. The irregularly spaced lines with unexpected capitals and occasionally misspelled words accompanying the stone imagery are also fading.

Many of the couples and quatrains are completely illegible. As these old sentiments disappear, epitaph-hunting grows. We found one marker which bears only two words. We found another headstone which says that the man beneath it "Was the Victim of a Dishonest Woman." The lengthy message on a stone placed in 1847 over a man "buried in a well" tells the circumstances in rhyme. We jotted down these and other epitaphs in OUR LANDMARKS for those of our readers who collect them.

Tombstone art is reproduced by John McKee.

Mrs. Forrest sailed June 9 on the Queen Elizabeth for Southampton, England. Enroute she enjoyed a complete tour of the ship, which she discovered was on 11 levels. She also had

several swims in the ship's pool. The Queen Elizabeth landed at Southampton about 10:30 at night on June 14 and was pushed into dock by seven tugs that didn't do much as rock the huge ship once in the process. It was still daylight at that time as England is on a two hour twilight time in order to give the working man some daylight hours for recreation.

"The EAST end of London is almost completely wiped out," said Mrs. Forrest. "Maybe one building or a wall or two of another, may be standing upright in every three block area but everything else is full of holes and debris. No rebuilding has been started as there isn't even man power, let alone glass, lumber, plumbing or other necessary building material, although some bricks and tile have been salvaged from the debris and cleaned and stacked for future use."

"While in London I stayed with a cousin who is superintendent of nurses in the London hospital. She had been bombed out of three homes during the war.

"STAPLE FOODS such as meat, butter, eggs, sugar and bacon are severely rationed. One pint of milk per day, per family, is about the hardest to get, though the one egg, two ounces of margarine, 2 ounces of sugar, one ounce of lard, and one strip of bacon, per week, per person can be considered far from adequate for a healthful diet. All meat, which is mostly veal or lamb, is sold frozen and each person is allowed one fourth pound per week.

"The Armour, Swift, and Libby companies send over canned goods, but ration points are so high on them that the people can afford to purchase only one No. 2½ can per month. American canned fruit is most desirable because it is put up in a sugar syrup, thus saving a little on their rations. Much of the canned goods are sent to Norway, Sweden and Switzerland in exchange for more necessary dairy products.

"CLOTHES RATIONING is just as severe as the food rationing. If a man bought one suit a year he would not have enough points left over to buy so much as a tie to go with it. One thing I did notice though, was that the quality of British clothing material was on a very high standard, so even though they can buy little clothing, what they do get is of lasting quality.

"England is mountainous country, its lands separated by stone dikes. The ground in most places is filled with shale and slate, thus making it impossible to grow the vegetables and grain that is so very much needed. Besides this, the growing season over there, is very short and the temperature seldom, if ever, goes over 85 degrees. Previous to the war England had imported most of its vegetables, fruits, corn, etc., from her colonies. Now she has nothing to give in exchange so the colonies will not supply her.

"The American dollar is highly prized in England and France. We were no more than a day out to sea when we were approached by English people to exchange our American money for English pounds. There is a flourishing money blackmarket where one can get as high as \$8.00 in British or French money for \$5 in American money.

"FIFTEEN DOLLARS a week is the average wage in England and a person is richer by far if he owns cattle or chickens than if he has a lot of cash. One man bought his year's supply

Mrs. Martini has been employed to help in the cafeteria due to the increase in enrollment and students having their lunch at school. Following are the menus for next week:

Monday: Tuna fish, noodles, tossed salad, bread, butter, milk, banana-jello salad, cookies.  
Tuesday: Hot dogs, scalloped potatoes, pineapple - cottage cheese salad, raisin-custard pudding, milk.  
Wednesday: Cream of potato soup, sandwich - ham salad, fruit jello, banana cream pudding, milk.  
Thursday: Corn-cheese pudding, tossed salad, sandwich, apple or rhubarb cobbler, milk.  
Friday: Baked lima beans, sandwich, tomato or cucumber salad, fresh fruit, milk.

VFW presents colors

Sylvester Greschner, commander of Arlington Heights V. F. W., presented the national colors to two of the five schools here the past week. The high school received them at a general assembly program last Friday at which Greschner gave a history of the flag.

"Constitution Day" ceremonies were held Wednesday at St. James in which he was assisted by Louis Brodnian in marine uniform. The VFW intends to present the colors to the Lutheran school and the North and South side schools in the near future.

## Praises introduction of flood lights at Arlington High

C. E. McWharter, former Arlington resident and president of District 25 school board before his removal to Texas three years ago, had some nice things to say about the old home town while he was here a few days

"Night football in Temple, Texas, draws 15,000 attendance," Mr. McWharter stated, "and from a money standpoint and a school morale builder, nothing can beat it. The same thing is happening to Texas school systems as in Illinois," he continued. "We are building new schools and paying salaries to keep good teachers."

Mr. and Mrs. McWharter brought their son, Royce, to Chi-

ago, where he took a train for Ohio, where he enters Oberlin College as a sophomore this year. They made their headquarters at Lake Geneva while here. Miss Barbara accompanied her parents.

### Value Decreases

When the sun shines on milk, both flavor and vitamin values may be damaged.

Dorall's Proportion-ized "Bowler" is a REAL sports dress, with its bi-swing back, circular skirt, free swing slit sleeves, front pleat, full bodice, and smart styling. It is the ideal dress for active sports and street wear.

The "Bowler" meets the need for teams who want smart action costumes. It comes in Royal, Luggage, Red, Kelly and Grey, in 21 different sizes, 10 to 20 in short, 10 to 20 in medium, and 10 to 20 in tall — also 18½, 20½, and 22½, each correctly proportioned from shoulder to waist to fit every figure.

## Average home costs rise 19% during August

All building in August in the Chicago region showed the largest volume of permits since March, 1946. Leaving this very exceptional March out of consideration, August was by far the best month since September, 1942. The August total was \$32,346,242 — a gain of more than 62 per cent over August a year ago when the total was \$19,916,818. August was also more than \$3,000,000 ahead of July, in which permits amounted to \$29,200,933.

The figures for all dwelling units reported throughout the region show a gain of 443 units in August, with a gain of \$8,249,423 in the amount of the permits issued, as compared with August of last year. The totals reported are 2,073 homes and apartment units valued at \$18,632,041 for August, 1947, as against 1,630 permits with a valuation of \$10,382,618 for August, 1946.

In July the average cost per unit was \$7,547 and in August, \$8,988. The average value of all home units in 1946 was \$6,724 and in the first half of 1947 it was \$7,556. Since the average for the first half of this year and the average for July were almost exactly the same, it is apparent that average costs took a tremendous jump in August — an increase per dwelling unit of \$1,441 or more than 19 per cent!

The communities having the largest amount of home building in August take quite a different line up from that shown in July, with Gary and Hammond continuing to lead in the number of homes given permits but Arlington Heights far ahead in the valuation of the homes, as shown in the following:

Arlington Heights 23 homes, valuation \$723,850. Other towns of this area included: Glenview, 18 homes, valuation \$236,735; Northbrook, 2 homes, valuation \$30,000.

### John Haben

Mr. John A. Haben, of Chicago, passed away after a lingering illness Sunday evening, September 14 at the age of 78 years. Mr. Haben was born on the Haben farm, several miles north of Wheeling, the son of the late Peter Haben and Emma Hutter, one of a family of nine children.

As a young man he located in Chicago where for many years he was in the furnace business. Never having married, he retained a deep loyalty for Wheeling as his home town.

Funeral services were held Thursday at 9 a.m. at the Haben Funeral Home, Skokie, followed by mass at 10 a.m. at St. Mary's church, Buffalo Grove, where interment was made in St. Mary's cemetery.

He is survived by one sister, Mrs. Elizabeth Huber and a half brother George Hutter, and many other relatives and friends.

### Paula Weidig

Services were held Wednesday at 2 p.m. from the Arlington Heights Lauterburg and Oehler chapel for Mrs. Paula Weidig, 101 Ridge ave., Prospect Heights. Rev. Klepper officiated and the remains were taken to Acacia Park following the service.

Mrs. Weidig died Sunday at the Elmhurst hospital. She is survived by her son, Gerhardt, and three grandchildren.

### Rachel Laurance

The remains of Rachel Laurance of Wheeling, who was residing with her son, W. F. Laurance, were sent to Macon, Mo., for burial. The Oehler funeral home in Des Plaines were in charge.

Mrs. Laurance was born October 23, 1888. She was 78 years old at the time of her death.

## Debate on foreign policy to launch

### Sunday evening lectures

A debate on "Our Foreign Policy" between Norman Thomas and Dr. Wm. McGovern of Northwestern, starts the Sunday evening lecture series in Arlington Heights. This first of four events sponsored by the Woman's club will take place at the high school auditorium November 23.

Inaugurated last year by the club women, the lectures proved to be so popular that an expanded program has been arranged this year to include lecturers of greater distinction.

Other speakers included in the second season of the lecture series are:

Jan. 22—Dr. Lester Schriever, lecture on "American Business."

March 22—Burton Holmes' travelogue.

Season tickets at the same price of last year, \$2.50, will soon be placed on sale.

Committee chairmen of the Woman's club sponsoring are:

Mrs. A. H. Franzen, chairman, Mrs. R. E. Clabaugh, co-chairman, Mrs. George H. Tuttle, ticket chairman, Mrs. Walter Hermesdorf, publicity, Mrs. K. L. Kennedy, press, and Mrs. Donald Cox, hostess chairman.

### OES notes

1

Advanced Officers night of the Arlington Heights chapter 992, OES, will be held September 25. Bessie Geisel, associate matron, and Paul Geisel, associate patron, will serve in the East as worthy matron and worthy patron. Loretta Kring, conductor, will serve as associate matron, and Dorothy Voss, associate conductor, will serve as conductor.

The Past Worthy Matrons club will meet with Emma Lauren on September 18.

# Activities about Arlington Heights

Ralph Stoeckel was home from Freeport over the week end.

Mrs. Mary Johnson has returned from New Holland where she spent several weeks with friends.

Mr. and Mrs. C. I. Davis drove to Monmouth Wednesday with their daughters, Helen and Betty. The girls are starting another year of college at Monmouth.

Mr. and Mrs. Charles Shirley of 306 N. Vail avenue, will move to Chicago in the near future.

Mrs. Michael Saar entertained her pinochle club Tuesday evening. Winners for the evening were Mesdames Ethel Stoike, Frances Deigl, and Cecilia Saar.

## Has 88th birthday

The ladies of the Arlington Heights Estates Thimble club and several guests surprised Mrs. William Diehl on her 88th birthday with a chicken luncheon at the Casablanca. "Every year they do something different and better," says Mrs. Diehl. She said that if her niece, Mrs. Edith Hauk of Shelbyville, Indiana, and her friend, Mrs. William Revers, one of the oldest members of the Thimble club now living in Hardy, Texas, had been there the party would have been perfect. In any case, in her opinion, it was another happy birthday spent with a lot of good friends.

Guests Saturday of Mrs. Andrew Duthorn were Mr. and Mrs. Arthur Duthorn and daughter, Evelyn, from Chicago.

Mr. and Mrs. Herman Wulff and Mrs. Sander and son attended a special church service and social gathering last Sunday at the Immanuel Lutheran Church in Glenview. The occasion was in commemoration of the twenty-fifth anniversary of Mr. Fred Weber as teacher of the Lutheran school there. Mrs. Sander is a former pupil of Mr. Weber.

Mr. and Mrs. C. E. McWharter, and daughter, Barbara, of Temple, Texas, are visiting relatives and friends here.

The 55th wedding anniversary of Mr. and Mrs. Nels Olson was observed Sunday with a family dinner party at the home of Mr. and Mrs. Herbert Olson. The party was given for them by their daughter, Mrs. Ralph Clabour of Chicago and son, Herbert Olson.

Mrs. Vance L. Folkman and son, Danny, accompanied by Mrs. Charles Deigl and Mrs. Albert Klein, drove to Kenosha, Wisconsin Monday to pick up Mrs. R. J. Rizzi and Patty Folkman, who were vacationing there.

Guests Sunday of Mr. and Mrs. N. Mayer were the John Mayer and Henry Miller families of Chicago.

The Ceosa club met Friday evening at the home of Mrs. Mervin Heinrich. Mrs. E. Ackerman won high honors.

The family of George Peterson helped him celebrate his birthday Sunday.

Leaving Sunday night for Beaver College, Jenkintown, Penn., was Jane Merrill, daughter of Mr. and Mrs. F. O. Merrill. Jane is entering her junior year of college this fall.

Girl Scout Troop No. 3, under the leadership of Mrs. Helen Winkelman and Mrs. Charles Rehfeld, enjoyed a wiener roast last Wednesday evening in Deer Grove. By making the fires themselves the girls covered a few steps toward earning their badges.

Dewey Beek has returned from the Sherman hospital, Elgin, where he underwent treatment for four days. He is now convalescing at home.

Mrs. William Meyer and daughter, Judy, of Chicago, were Sunday dinner guests of Mr. and Mrs. J. W. Boeckh. They spent Saturday night at the Don Flence home.

Leona Wausinger of Kansas is visiting her cousin, Mrs. James Ladd, this week.

Now making their home in Rolla, Montana, are Mr. and Mrs. Edward Bublitz. Mr. Bublitz is attending the Missouri School of Mines at Rolla.

Mrs. Gertrude Kaup's oldest daughter, Mrs. Virginia Pennel, is taking the streamliner Friday for Los Angeles, California, where she will move into her new home.

Mr. and Mrs. C. W. Peters were guests Sunday of their daughter, Mrs. Roy Miller, and family in Park Ridge.

Mr. and Mrs. C. L. Stadtler went to Evanston Sunday to call on Mr. and Mrs. K. W. Schaefer.

Callers Sunday on Mr. and Mrs. H. H. Blume were the Misses Carrie and Lydia Blum of Edison Park.

Mrs. Arthur Schoenbeck was hostess to the Monday night club the past week. Honors were won by Mesdames A. Bray, A. Neville, and Fay Fedder.

Mr. and Mrs. Orville Kurtz Jr. have returned from a two weeks vacation at a wiener roast, which was held at Deer Grove. Those attending were Mr. and Mrs. Rawleigh Klipstein, Mr. and Mrs. Mervin Scharring, Mr. and Mrs. Harold Stoffel, Mr. and Mrs. Robert Peterson, Mr. and Mrs. Verton Collignon, Mr. and Mrs. Albert Ehlskey and Mr. and Mrs. William Edberg. Dolores Koeppl and Robert Bentz were also among the guests.

Sunday Madie Johnson left for Purdue University, Lafayette, Indiana, to begin her junior year of college.

Last week Miss Lorayne Woodward and Mrs. A. M. Conger enjoyed a trip to Moline, Ill., and Clinton, Iowa, where they visited friends and relatives.

# Presenting the younger generation

The last group of youngsters all had blond hair and blue eyes. This week the hair color changes to brown, while the eyes are grey, blue and brown.

On the far left is laughing

young Gary Grom, 4½ months, son of Mr. and Mrs. C. J. Grom, 23 N. Pine, Arlington Heights. Gary's eyes are blue.

The young lady next is Jesslyn Roberts, 5½, daughter of Mr. and Mrs. J. D. Roberts, of S. Brockway and Carlton, Pal-

atine. Her eyes are grey. The two brown eyed youngsters on the right are brothers. They are Kenneth and Don Schory. The parents are Mr. and Mrs. K. P. Schory, 232 S. Center, Bensenville. Kenneth is 8 months, while Don is 3 years.

## Stork Feathers

A baby daughter was born to Mr. and Mrs. George Rezner of Arlington Heights September 11, at the Elmhurst hospital. The little miss tipped the scales at 7 pounds 10¾ ounces and she has been named Sue Ellen by her proud parents. Mrs. Rezner is the former Lois Bokelmann of Arlington Heights.

Announcing the birth of a daughter at St. Anne's hospital, Chicago, Sept. 10, are Mr. and Mrs. Lewis Blue of Arlington Heights. The little girl has been named Kathryn and weighed in at 6 pounds 12 ounces. Her mother is the former Betty Mae Larson.

Dr. and Mrs. James A. Saffold of Des Plaines are proud parents of a baby boy, Robert William, who arrived at 5:34 a.m. Tuesday, September 16, weighing 10 lbs. 6 oz. Mother and baby are doing fine and are anxiously awaiting their return home to Robert's three brothers, Jimmy, Richard and Donald. Dr. Saffold, chiropodist, has offices in Arlington Heights and Des Plaines.

## American Legion auxiliary notes

The chilly weather kept a number of auxiliary members from attending the meeting Tuesday evening as they feared it would be cold in the Legion hall. They were right, it was cold.

Mary Jean Bentz gave her report on Girls' State in a pleasing, natural manner. Her audience was pleased to hear how much she had learned.

The rehabilitation chairman, Eleanor Taylor, told of the day spent at Vaughn hospital July 30. They took with them cigarettes, peaches and 18 pairs of white hose. They have been assigned a ward at the hospital in which to work during the coming year.

Millie Russell gave a full report on the 27th annual convention which was held in Chicago August 15-17.

Arrangements for the joint installation on Saturday, September 27, were discussed. A rummage sale was planned for Saturday, October 11.

## Club calendar

September—  
18—Past Worthy Matrons club of OES will meet with Emma Laurin.  
20—Bake Sale sponsored by Martha Circle of St. John church in church assembly rooms, at 2:30.

## Supt. Clabaugh addresses P. T. A.

The first meeting of the 1947-48 school year was held Tuesday evening at the North school in Arlington Heights.

The teaching staff of both the North and South schools were introduced by the superintendent.

Mrs. Desch, program chairman, presented Supt. R. E. Clabaugh who spoke on the subject, "Your School and Its Community." He gave the answer to the most expensive question pertaining to education, "How to Train the Mind," in the simple sentence, "We Can't Train the Mind like a muscle, a child must learn realistically." This is proven by the amazing progress of the pre-school child in a realistic environment. The problem of education then is providing a realistic environment. Also different rates of growth in mental and physical development must be recognized. This is why we are spending more on education today.

The freedom of local government in school matters places a great responsibility upon parents which can be met by contacting your school in the following ways: through your child, the teacher, P. T. A., your newspaper, attending school functions and subscribing for the P. T. A. magazine."

Home made cake and coffee were served by the P. T. A. board. Mrs. Argola Walk, principal of the South school, and Miss Dorothy Sodt, North school principal, presided at the tea table.

## Rural Youth meeting

Friday, September 19, will mark the beginning of the fall-winter season for the North Cook Rural Youth club. The first fall meeting will be held in the Farm Bureau basement in Arlington Heights, starting promptly at 8:00 p.m.

Besides the regular business meeting there will be games, dancing and food. All members and prospective new members are invited to attend.

## Attending Purdue

Jim Scherf of Arlington Hts., who has spent 1½ years in the army, is now at Purdue University, to continue his studies. He is entered as a freshman.

The son of Mr. and Mrs. Fred as sponsors Fred Kehe, Sr., Ed. Kehc, Jr. of Arlington Heights, was christened Sunday at the church of St. Peter. A dinner was served at the home of Steve's parents for the sponsors and immediate members of the family.

**CHRISTIAN SCIENCE CHURCHES**

The subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, Sept. 14, was:

"SUBSTANCE"

The Golden Text was:

"The invisible things of him from the creation of the world are clearly seen, being understood by the things that are made, even his eternal power and Godhead" (Romans 1:20).

Among the citations which comprised the Lesson-Sermon was the following from the Bible:

"For all flesh is grass, and all the glory of man as the flower of grass. The grass withereth, and the flower thereof falleth away; but the word of the Lord endureth for ever. And this is the word which by the gospel is preached unto you" (I Peter 1:24,25).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"How true it is that whatever is learned through material sense must be lost because such so-called knowledge is reversed by the spiritual facts of being in Science. That which material sense calls intangible, is found to be substance. What to material sense seems substance, becomes nothingness, as the sense-dream vanishes and reality appears.... Mortals must look beyond fading, finite forms, if they would gain the true sense of things. Where shall the gaze rest but in the unsearchable realm of Mind?" (pp. 312, 264).

**Public Notice****Notice of Proposed Change in  
Schedules E-2, E-2-M and E-  
2-O.**

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS hereby gives notice to the public that it has filed with the Illinois Commerce Commission on September 15, 1947, the following proposed revision in its electric rate schedules.

1. The filing of new Rate 12, Industrial Electric Service—Annual Demand, which will be attractive to some large industrial customers having a fairly constant monthly demand.

2. The revision of Rider 8, Allowance for Customer-Owned Transformers, and Rider 9, High-Tension Metering, to extend their applicability to Rate 12.

3. The revision of industrial Rates 11, 13, 77 and 81, prin-

cipally to incorporate a more liberal term of contract and new provisions for adjustment of demands.

4. The revision of Rate 79, Large Power and Light Service—Annual Demand (the annual demand portion of former Rate 41), principally to limit its availability to customers now served thereunder.

5. The revision of Rate 82, Ice Making Service, and Rider 19, Air Conditioning Electric Service, to limit their availability to present customers served thereunder.

6. The revision of Rate 105, Municipal Pumping and Street Lighting Service, to include a new adjustment of demand provi-

7. The filing of Rider 22, Adjustment of Demands, to make the adjustment of demand provisions of the above named industrial rates available to gov-

ernmental electric service customers.

A copy of the proposed change in the schedules may be inspected by any interested party at any business office of this Company.

All parties interested in this matter may obtain information

with respect thereto either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

JOIN THE NATIONAL HIGHWAY SAFETY DRIVE

**DRIVE SANELY — SAFELY — SLOWLY**

**TRAFFIC LIGHTS  
ARE FOR PEDESTRIANS TOO!**

*Wait! The few quick seconds it takes the light to go amber or green may be the difference between life—and death!*

Traffic lights aren't just for drivers, they're for pedestrians, too. They are your signals of safety. Drivers and traffic officers expect you to obey them. Yet in 1946, over 2,800 persons were killed at intersections. In addition, more than 4,000 jaywalked into the Hereafter between intersections. From all causes, 12,200 pedestrians—men, women and children—were given a ride to the morgue! They died at the rate of 33 every day.

Fantastic? Sure, but deadly true.

Of pedestrians killed who were old enough to drive, only 10% ever drove a car. That may be one reason why pedestrians have to be told, again and again, that traffic lights and all safety regulations are for them too. They have never experienced the responsibility of driving.

If you are a pedestrian, learn to cross with the lights, never run out from behind parked cars, or cross between intersections. Don't stand in the street or highway. Always be alert.

# ARLINGTON VS BARRINGTON UNDER NEW LIGHTS FRIDAY

Locals are favorites, but expect tough going against Bronchos

Arlington Heights high school's new football lights will receive their first "baptism of fire" this Friday night at 7:30 p.m. when the local Cardinals play host to Barrington Bronchos, Northwest conference hopefuls. For many years schedule makers have pitted the Broncs against the Heights boys for the season opener, with the larger school usually looming the favorite. Again this year the Cards should win, but a hard-fought game is forecast with players and fans of both towns slated to turn out en masse for the night games.

Arlington Heights high school board this year recognized the advantages of increasing the adult patronage home football games tenfold by playing night instead of afternoon contests. What is rated as "best in northern Illinois" lighting system was set up on the Cardinal gridiron, and with practice session under the lights already drawing a considerable crowd, immediate acceptance of the opportunity to view Coach Larsen's charges in action is indicated by local fans.

**SEATS** have been installed for the first two thousand persons to file by the main gate with hundreds of others sure to view the contest from a standing position. The steward holds the key to the success of the first night's venture with plenty of festivities and ceremonies planned as the lights are turned on.

Arlington has had a good turnout of boys for football this year with quantity and spirit top factors to be considered in the Cards' football chances in Northeast league play, which opens against Lake Forest, September 26.

About 100 boys reported for football. They were separated into three teams, the varsity, junior-varsity, and frosh. Rosters of the senior team include upwards of 30 men, with the best 11 slated to line up against Barrington at game time, 8:30 p.m. Friday.

**NINE LETTERMEN** return this year to form the nucleus of the Arlington football squad. Moratti and Beckman, the veteran guards sure to see service Friday, with Weist, a

Northbrook transfer, and Grant also lined up at that position.

Roche and Ransdale will both be holding down end positions, in addition to Gronert and Heller, the latter playing either guard or end spot.

Seven men comprise Coach Larsen's tackles' list with Striggow and Berschel returning lettermen. Others sure to see action are Bittner, Page, Wagner, Lancelotti and Staynoski.

**AT CENTER** position Schanley and Bork are slated to control the ball for the Cards. With Robinson and Fisher sure to do the calling at quarter.

Other back positions were indefinite at time this was written.

Two men suffered injuries this week, but both should be in shape for the Friday tilt. Walter Page sustained loose teeth, while Vic Bittner suffered cuts and may not be able to compete.

**BARRINGTON** brings a lot of potential power with them to Arlington, including nine lettermen, six of whom were regulars last season. Coach Paul Fry had 60 boys turn out for the sport, who already have one game behind them, a 26-0 loss to Dundee.

The Bronchos lost just 2 of 5 games in Northwest conference competition last year and should provide strong competition for the locals under the lights.

With festivities to start at 7:30 p.m., fans are urged to be on hand early, long before game time at 8:30, particularly if they wish a seat. Admission is 60 cents and 35 cents with ducats purchasable before 2 p.m. Friday at any of seven Arlington Heights business houses:

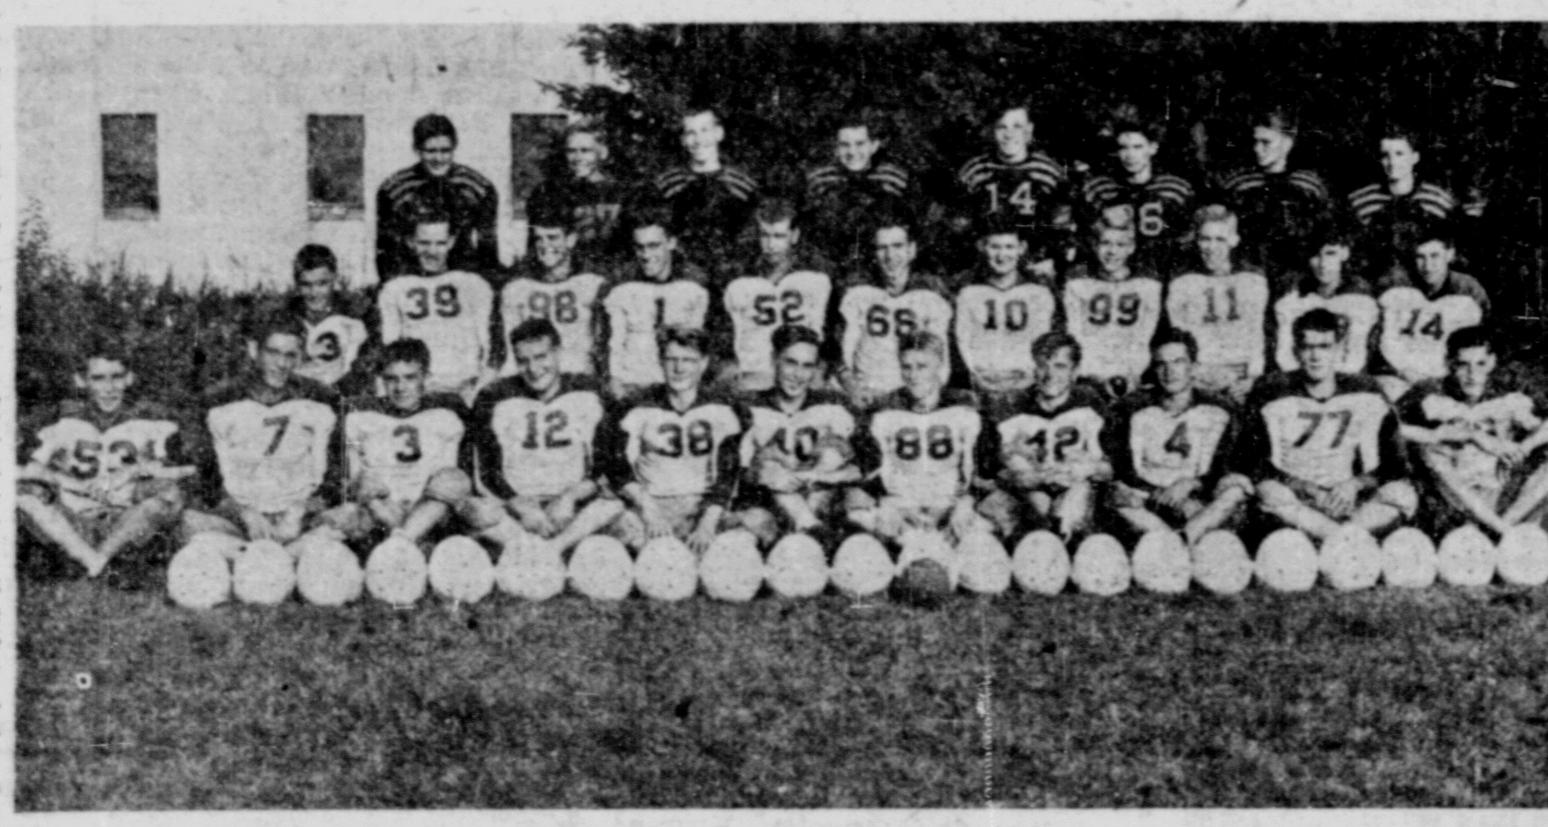

Bowling Lanes, Millay's Ice Cream store, Sieburg Drug, Lunning's Serv-U-Well, Firestone store, Big Freeze and Arlington Candy shop.

## Cardinals gun for victory

Front row, left to right: J. Brough, J. Stavros, C. Dresser, F. Buncik, A. Moretti, W. Lancelotti, E. McWougal, R. Heller. Second row, left to right: K. Gronert, G. Schuman, P. Ransdell, W. Wiest, W. Beckman, C. Fischer, R. Engeling, A. Krause, K. Bork, W. Lasley. Third row, left to right: W. Wagner, R. Cubley, L. Grandt, M. Berschel, J. Shanley, L. Draper, W. Page, T. Wisersky, V. Bittner, P. Roche, R. Striggow. Absent from picture: F. Bista, W. Robinson.

## Bronchos seek revenge

First Row: R. Malone, J. Noyes, K. Larson, D. Hager, H. Foreman, L. Etters, E. Bauman, J. Hansen, W. Gibb, R. Decker, C. Savely. Second Row: C. Kranz, W. Meyer, L. Hicks, P. Eby, F. Van Steenderen, J. Burnett, R. Droz, J. Tukey, D. Duerwachter, J. McFarlin, R. McFarlin. Third Row: E. Anderson, G. Whitmer, W. Kuffel, L. Griffin, G. Wolthausen, E. Thomas, K. Soderberg, R. Puffer.

## Rose-Lo loses 1 softball semifinals

North Shore Foundry of Waukegan won the Northeastern Illinois softball championship at Libertyville Monday night, 5-4, trimming Cohns, also of Waukegan. Cohns had previously taken the measure of Rose-Lo of Arlington Heights, to gain the playoffs.

In Friday nights session Wheeling grabbed an early lead from Arlington, and held it until the 5th frame, 5-1. Then the Heights pushed seven counters across a platter, and held the lead for 8.5 victory.

Garms led the Arlington attack 4 for 4. Rose-Lo poled 11 hits and committed 2 errors, while Wheeling added 7 hits and errors to their 5 tallies. Dobrich pitched for Wheeling.

SUNDAY night Rose-Lo entered Cohns of Waukegan in a semi-final contest, only to be 5-3. The Waukeganites scored home plate 5 times the stanza, and were never surprised.

Becker started weak, allowing 4 hits and five runs the first inning. From then on he allowed only a hit. His mate grabbed 2 runs the third inning and in the fourth.

Chuck Bergling pitched for the winners, permitting the Cook County boys 6 safeties.

**OTHER SCORES** of the weekend included the following: Plato Center, 2; Long Lake 1; North Shore Foundry 4; Plato Center 0; Cohns 3; Elgin 1; North Shore Foundry 3; Diamond Lake 0.

## der boxers to port Monday at Arlington Heights

Older boys of high school age interested in boxing are urged to report Monday evening at 7:30 at the Arlington Heights high school gymnasium. American Legion boxing committee headed by Henry Nichols, are organizing team for possible competition.

Golden Gloves, CYO, and other tournaments, including matches with Ela and Grant high schools.

Younger boys will meet Thursday evening at 7:30 at the American Legion home.

## Pirates fall before Elmhurst squad

set up the second score which was made on a 30 yard pass caught by Leyden.

Superior Palatine punting enabled the Pirates to have the ball most of the second quarter. Palatine had the ball inside the I. C. 40 yard line on three occasions and the half ended with the Pirates on the I. C. seven yard stripe.

LATE in the third period a pass interference penalty of 15 yards carried I. C. into Palatine territory with first down on the 19 yard line. Five plays put over the touchdown with Rousch scoring on a lateral pass. In the last two minutes of play. Aside from these two runs Palatine's attack was pretty well stopped.

I. C. scored twice in the first period and again in the third. They threatened in the fourth but alert play by the Palatine boys stopped the visitors on the two yard line. I. C. linemen were master chasers, but Palatine from tackle to tackle turned in a capable performance.

**THE FIRST** score came midway in the first period. Kicking into the wind Palatine found themselves defending on their own 47 yard line. Horan ran right end for 12. Rousch picked up seven off tackle and then Farrington passed 21 yards to Leyden on the seven yard line. After Collins made three yards, Farrington plunged over on a quick thrust through center. Leyden kicked the first of 3 straight points after touchdowns. A Palatine fumble soon after.

**Grid prospects**

## Lake Forest rates top favorite, Niles first division in NE race

by G. A. McElroy  
(Sports Editor)

Lake Forest High, defending Northeast Conference champion, is again the favorite to finish in the top position. Ed Lindenmeyer, famous for turning out strong teams from limited material, this year has more good boys than usual with 11 lettermen available. Five veterans are backfield men including Lennie Anderson, outstanding passer and field general. Others are Ray Sayoc, Charles Scharrer, Robert Haake, and Ed Eurns. These boys are fast and average 155 pounds.

The AAA, interested in sports promotion for the entire town ever since its inception just over a year ago, has added football to its sports program with hopes of establishing a sort of a town team for contests against other nearby squads.

Bob Henry is serving the group as football mentor, and has notified the press of his intentions to provide "insured service" on the diamond. All players will be insured against injuries.

The AAA meets every Wednesday evening at the fieldhouse at 8 p.m., planning future activities of the club. They are at present making a concerted effort to purchase football equipment, either new or used, among local townsfolk.

Anyone having such equipment such as pads, pants, jerseys or shoes, are urged to contact coach Henry or any member of the AAA for possible sale.

last period I. C. was stopped on the Palatine two yard line and a 36 yard end run on a reverse by Stephan carried Palatine into a threatening position as the game ended.

Palatine was not expected to win from the veteran I. C. team but met a much stronger outfit than had been expected. Leyden at end and Collins and Rousch in the backfield were outstanding. Stephan had a net gain of 57 of Palatine's 67 yards but 46 were on two plays in the last two minutes of play. Aside from these two runs Palatine's attack was pretty well stopped.

Palatine was not expected to win from the veteran I. C. team but met a much stronger outfit than had been expected. Leyden at end and Collins and Rousch in the backfield were outstanding. Stephan had a net gain of 57 of Palatine's 67 yards but 46 were on two plays in the last two minutes of play. Aside from these two runs Palatine's attack was pretty well stopped.

Both teams appeared to be in excellent condition for so early in the season.

Friday night Palatine plays the second of three pre-conference games at Woodstock. The Pirates will again be the underdogs.

Full grid schedule  
for J-Vs and frosh  
at Arlington

A complete schedule of games has been booked for the junior-varsity and freshman football teams at Arlington Heights high school, with six tilts slated for the older boys, and seven for the younger ones.

The J-Vs will open at home against Lake Forest Thursday, September 25, while the first year men will travel to Libertyville that same day.

Other games for the J-Vs: October 3, Crystal Lake, there; October 6, Libertyville, here; October 17, Niles, there.

October 25, Leyden, there.

November 6, Libertyville, there.

Other contests for the frosh include:

October 2, Libertyville, here.

October 9, Niles, here.

October 16, Leyden, here.

October 23, Bensenville, here.

October 31, Niles, there.

Midget autos  
race Sunday

Twenty-four of the nation's fastest cars, driven by outstanding speedway aces assembled from coast to coast, will roar away Sunday afternoon, Sept. 21, in the championship 100-mile midget auto race on the one-mile dirt track at Wisconsin State Fair park, Milwaukee.

The line up for the century classic has been scheduled for 2:30 o'clock, and the starter's flag will go down a half-hour later. However, as a semi-wind-up, there will be a preliminary 10-mile race at 2 o'clock with cars 13-24 in the time trials competing. The trials will start at 1 p.m. Saturday, and will be free to the public that afternoon.

Stars like Lloyd Axell, Denver, Colo., the Rocky Mountain champion; Duke Nalon, Beverly Hills, Calif.; Teddy Duncan, Los Angeles; Ted Williams, Boston; Tony Bettenhausen, Emil Andres, Mike O'Halloran, Ray Richards, Gus Klingbeil and Bob Muhle of the Chicago area; Frank Burany and Myron Fohr, home-town Milwaukee boys, and many others will comprise the starting field.

They will be shooting at Richards' 100-mile midget track record of 1 hour, 19 minutes, 16.21 seconds, established in a great race conducted at the fairgrounds in June, 1946.

All box seats have been sold, but choice reserved seat sections in the grandstands are still available.

Frosh stars hint  
bright future at  
Beloit college

The list of new students entering Beloit College this fall indicate a bright future for Goldathletes.

Beloit College, a member of the Midwest Conference, will reinstate freshman competition this year. No freshman will be permitted invarsity competition, reverting to the pre-war practice.

Most of the boys are from Ill., but others are from Wisconsin and other states.

One of the most promising new athletes at Beloit this fall will be Dick Wilsman, all-state football player from Two Rivers, Wis. Some ten other prep grid stars from all parts of Illinois and Wisconsin will also lend their talents to future gold teams, including Dale Williams of Arlington Heights, a brother of varsity players Bill and Bob, who was on the football, basketball, and track teams at home.

## Eunice Eich and Wilbert Granzin wed in pretty garden ceremony

One of the season's most colorful and unique wedding ceremonies was performed Saturday afternoon, at three-thirty o'clock in the garden of the John P. Eich home in Stonegate, Arlington Heights. Rev. F. C. Giesse, pastor of Messiah Evangelical Lutheran church, Chicago, read the double ring service which united Miss Eunice M. Eich, daughter of Mr. and Mrs. John P. Eich, and Mr. Wilbert Granzin, son of Mr. and Mrs. Carl Granzin, Sr., in holy matrimony.

The number 13 was very predominant that day as it was September 13, there were 13 arches leading to the garden altar, the bride was the 13th person to walk down the aisle to the altar, her birthday is April 13, and the bride and groom were married under the 13th service.

Starting on the front lawn of the Eich home a series of arches, covered with arborvitae, which was intermingled with gladioli of assorted colors, led to the altar in the back garden. The arches were connected with a draped railing of arborvitae. The altar was banked with palms and vases of gladioli. A miniature organ, played by A. W. Bathje, softly played "Oh Promise Me" as Mrs. Melvin Laseke sang. Mrs. Laseke also sang "Because" during the ceremony and "The Lord's Prayer" at the end of the service.

The first to walk down the arched path to the altar was Rev. Giesse, who was followed by the ushers, Vince Weidner, Kenneth Busse, Bill Millay, and Jerome Golbeck of McHenry. The bridegroom and his brother, Wallace Granzin, who served

Community Camera  
Both mothers wore pink feathered hats and had corsages of white gardenias.

Marie West of Nevada, Iowa, was dressed in yellow and followed the ushers down the aisle. She was succeeded by Arlene Koithan of Mapleton, Iowa, who was dressed in green. Miriam Tidd of Prospect Heights, who was in yellow, and Irene Clarkens of Morton Grove, who wore green. The bride's sister, Lois Eich, who was maid of honor, then came down the aisle. She wore a gown of orchid marquise, styled with fitted bodice, sweetheart neckline, drop shoulders and full skirt. A natural straw picture hat, trimmed with ribbon to match her gown, long matching gloves and a basket of yellow gladioli made her attire complete.

The bridesmaid's dresses were styled identical to the maid of honor's; they also wore matching gloves, natural straw hats trimmed with ribbon to match their gowns, and carried baskets of orchid gladioli.

Gae Eich, dressed in pink, and carrying a basket of tiny roses that she scattered along the aisle to the altar, served as flower girl and her brother, Bill Eich, dressed in a white suit, served as ring bearer. He carried the rings to the altar on the same satin pillow that had carried the bride's parents' rings to the altar on their wedding day.

The bride, gowned in a beautiful marquise over satin dress, then came down the aisle on the arm of her father, who gave her in marriage. Her dress was styled with fitted bodice, having high marquise yoke, a ruffle of chantille lace that gave a drop shoulder effect and long sleeves, and a full skirt ending in a long train. Her fingertip veil was edged in orange blossoms and was fastened to a seed pearl crown. A gold bracelet, gold cross earrings and a gold cross necklace added a bit of color to her attire. Her bouquet was made up of white gladioli.

Mrs. Eich wore a blue metallic dress for her daughter's wedding and Mrs. Granzin was dressed in a blue crepe dress.

Mr. and Mrs. Edward Foley had their 30th wedding anniversary last Friday. They gave a party Saturday night at their home in honor of the occasion, with about 75 guests attending. Out-of-town guests included Mr. and Mrs. Ellory Thorpe of Barrington, Mr. and Mrs. John Cudley and Mr. and Mrs. Paul Busse of Chicago, and Mr. and Mrs. Louis Beekman of Park Ridge. Dancing and refreshments made the evening complete.

The bride, gowned in a beautiful marquise over satin dress, then came down the aisle on the arm of her father, who gave her in marriage. Her dress was styled with fitted bodice, having high marquise yoke, a ruffle of chantille lace that gave a drop shoulder effect and long sleeves, and a full skirt ending in a long train. Her fingertip veil was edged in orange blossoms and was fastened to a seed pearl crown. A gold bracelet, gold cross earrings and a gold cross necklace added a bit of color to her attire. Her bouquet was made up of white gladioli.

Mrs. Eich wore a blue metallic dress for her daughter's wedding and Mrs. Granzin was dressed in a blue crepe dress.

Plan fall tours for clubwomen

Mrs. William I. Johnston, 7th District-Garden Chairman, has announced two fall tours which will be of interest to Northwest Side Clubwomen. The first will be on September 23rd, when Mr. Johnston will meet the clubwomen at 1:30 p.m. and conduct them through the greenhouse at Vaughn General Hospital, Hines. Those attending are urged to bring corsage ribbon,  $\frac{1}{2}$ " to  $\frac{3}{4}$ " in width, and flower pots, larger than  $\frac{2}{3}$ " in size, to be used by the veterans in their activities in the greenhouse.

On October 10th, there will be a luncheon and tour at White Pines Park near Oregon. Mrs. Wuerltemberger, 7th District President, is interested in having a large representation of 7th District members on this tour. For further information those interested are to contact Mrs. Johnston, 7851 Oakleaf ave., Elmwood Park, Ill., telephone Elmwood Park 3916-J.

The kind you use is a reflection on your good taste and good judgment. Be sure the reflection is favorable—select from our quality stock, ink and layouts.

## Zeta Phi Eta alumni to hear drama program

Mrs. Lyman R. Wells will open her home at 2716 Noyes st., Evanston, Saturday for the season's first meeting of the North Shore Alumni chapter of Zeta Phi Eta. After a dessert luncheon at 1:30, the national speech arts sorority members will hear Mrs. Robert Lynn Fontaine of Mt. Prospect give an original dramatic program.

## At Carthage

Elmer William Wegren, Jr., 18 years old, son of Elmer Wegren, 712 N. Chestnut, Arlington Hts., has enrolled in Carthage College to pursue a course of training leading to a bachelor of arts degree. Bill was graduated from the Arlington high school last spring and plans to major in music at Carthage.

The bride, lovely in a white crepe formal gown and carrying a colonial bouquet of small white mums, entered the church with Corporal Ingram to the strains of Lohengrins wedding march. The groom wore his marine dress blue uniform.

The bride's only attendant was her sister, Mrs. Esther Johnson,

## Lydia Kehe marries Marine in ceremony

Miss Lydia Jean Kehe, daughter of Mrs. Herman Kehe of Arlington Heights, became the bride of Marine Corporal Woodrow W. Ingram before the altar of St. Peter Evangelical Lutheran church, the Rev. L. V. Stephan officiating, at 6:30 Sunday evening, September 14.

The bride, lovely in a white crepe formal gown and carrying a colonial bouquet of small white mums, entered the church with Corporal Ingram to the strains of Lohengrins wedding march. The groom wore his marine dress blue uniform.

The bride's only attendant was her sister, Mrs. Esther Johnson,

who wore a light aqua crepe dinner gown, had brown accessories and carried a colonial bouquet of yellow mums. The groom's best man was Carl B. Johnson, brother-in-law of the bride.

Mrs. Kehe, the bride's mother, chose a black gown for her daughter's wedding and wore a corsage of white gardenias.

After the service a delicious wedding dinner was served at Eddie's to about 30 guests.

Cpl. and Mrs. Ingram are honeymooning in Mississippi and Tennessee.

SWIFT'S PREMIUM OR ARMOUR STAR TOP QUALITY MEATS

## PATRONIZE OUR MARKET

We offer a direct over-the-counter service for your daily needs too. Come in for FRESH MEATS, COLD CUTS and DAIRY PRODUCTS. Enjoy highest quality with economy.

## 12 HIGH POINTS OF OUR SERVICE

1. Acting as your purchasing agent to procure for you at quantity prices the choicest meats, poultry, vegetables and fruits. Every order executed at lowest price periods and ready to process.
2. Ageing of meat carcasses under proper control to insure as many tender cuts as possible.
3. Cutting and wrapping with materials best suited for job at hand.
4. Quick-Freeze under scientific temperature and humidity controls without loss of natural juices and nutrients.
5. Plucking, eviscerating and correct packaging of all kinds of poultry.
6. Quick-Freezing so that all fresh tastes and values are retained.
7. Processing, packaging and Quick-Freezing of fruits and vegetables. For best results different types of papers and disposable containers are used dependent on article being packaged. And there is a big difference.
8. Packaging and Quick-Freezing of doughs (raw or cooked) as they are brought to us.
9. Individual locked storage for all foods and short period bulk storage for overloads. Storage rooms are controlled with scientific precision. This is most important to insure highest quality of products when removed for the table or transferred to a home storage box.
10. Grinding and slicing of meat cuts as designated by you, or our experienced processors will advise with you.
11. Curing and smoking of hams, bacon and other cuts of meats.
12. If you desire to do part of the processing work yourself (and this applies particularly to fruits, vegetables and doughs) we have for sale all of the packaging materials required and will help you in their proper selection for the purpose intended.

## Alice Warnecke and Walter Olhaber wed

Miss Alice Warnecke and Walter Olhaber, both of Bensenville, were married at the bride's home Saturday afternoon, Sept. 15, at 3 o'clock. Miss Cora Warnecke, the bride's sister, played Mendelssohn's wedding march.

After the wedding supper the couple slipped away to Elmhurst and from there took the train to Chicago thence to Niagara Falls. This was quite a disappointment to the waiting crowd at the Bensenville station who had bought so much rice.

—1917—

## Sgt. Ed. Degenkolbe visits Itasca

Sergeant Ed. Degenkolbe of Fort Robinson, Sparta, Wis., was in Itasca for the weekend. He expects to be transferred soon. The Dorcas Circle have given him a knitted outfit.

Mr. Degenkolbe is the only one from Itasca to enlist before the draft. Frank Maluck, Otto Broker and Elmer Ollman have gone to Rockford and will receive their knitted outfits as soon as completed.

—1917—

## This Small Tractor FITS ANY FARM

This small Case Tractor is conservatively rated at 9 h.p. draw bar pull and 18 h.p. on the belt. It is more easily handled than a team. Weighs about 3600 lbs. It does the work of six horses in the field and a boy can handle it.

**Schramm Brothers Addison**

## Football season opens Sept. 30

### Injured when car hits freight

The football season opens with a loud noise this coming Sunday, Sept. 30. The Suburban All Stars of Arlington Heights will dig their cleats into the Fox A. C. of Elgin, who were champions of the Fox River Valley last year and displayed Palatine to a 10 to 6 tie last fall. Coach Slagle of the home club is confident of victory although there are several novices in the line.

Matto Bensic, Ray Knittle and George Rudolph have yet to play their first game, but they are a bunch of fighters and will be sure to uphold their end of the game. The lineup of the All Stars will be "Better" Heidke, center; Matto Bensic, Ray Knittle, guards; George Rudolph, Hans Kiemer, tackles; Harry Peterson, Lyman Nichols, ends; Gus Frampen, Q. B.; Henry Chidley, R. H. B.; George Schneberger, L. H. B.; Bill Shaft, F. B.

—1917—

### Doesn't worry about inflation

High meat prices have no terror for Dr. R. M. Gibbs, Palatine. No, he is not a millionaire, nor is he a vegetarian, yet he lives high. At his table can be found the choicest game obtainable in this part of the U.S.

How does he do it, you ask? takes a four day leave of absence from his practice, boards a train for the south, has two days of hunting, bags 150 or more, ships the birds to a Chicago cold storage house and comes back home feeling fit.

—1917—

### Harmening & Rahlfs AUCTIONEERS

H. W. Schnadt and Wm. Yackley, clerks, have booked the following auction sales: Guad Davis—Sept. 29; Mat Schuster—Oct. 1; Chas. Purnell—Oct. 10; M. Heinke—Oct. 31; Aug. Kreuckeburg—Oct. 15; Herman Eichelman—Oct. 16; Wm. Droegemüller—Oct. 17.

## JUST AROUND THE CORNER

Egg and I," "The Snake Pit," "Marge of Sunrise Mountain Farm," "We Took to the Hills," and others—all quite personal and actual in content.

Leslie Stephen called autobiography the most fascinating branch of literature. M. Lincoln Schuster, the well-known publisher, said that to him letters constitute the most fascinating branch of autobiography. I love them both!

Is there any form of communication more revealing than a letter? Complete candor in conversation, perhaps, but we all know that is rare. "A letter," Chesterton added, "is one of the few things left entirely romantic, for to be entirely romantic, a thing must be irrevocable."

Learned tomes have been written on the qualifications that make for effective autobiographical writing. Some favor the compact, some the terse, some the romantic, some the witty, some the gossipy, some the leisurely, some the allusive, some the inspired, some the heroic. Mr. Schuster says he includes all these. But, "My main test is simply the life-giving quality—that is, the ability to transfer an experience, an emotion, or an idea."

Perhaps you might be interested in what Samuel Johnson had to say about this art. He wrote the following to Mrs. Thrale on Oct. 27, 1777:

"Dearest Madam:  
You talk of writing and writing, as if you had all the writing to yourself. If our correspondence were printed, I am sure posterity, for posterity, is always the author's favorite, would say that I am a good writer too. To sit down so often with nothing to say: to say something so often, almost without consciousness of anything, and without any remembrance of having said, is a power of which I will not violate my modesty by boasting, but I do

These are the letters by which souls are united, and by which minds naturally in union move each other as they are moved themselves. I know, dearest lady, that in the perusal of this, such as the sanguinity of our intellects, you will be touched as I am touched. I have concealed nothing from you, nor do I expect to repeat of having thus opened my heart. I am, etc. S. Johnson.

Like the journals and private papers of the classic gossips and courtiers such as Samuel Pepys, James Boswell, and Saint-Simon, the function of letters is, "to reveal to us the littleness underlying great events and to remind us that history was once real life."

All of which, in an incongruous way, reminds me to tell you the news I promised last week, and that is: Daisy June had her calf, not on George's birthday, as we had hoped, but on the wedding anniversary of one of our old friends. I want to name the bull, "Gentleman," and call him, "Gentle,"—it appeals to my sense of humor—but the popular vote of the entire family, in all things, will be considered. Until next week, with love,

Mary.

## Tales of the STREET

BY T. C. HART

### CALL OF THE OPEN

Harry Franzén, Bensenville had quite an accident Sunday evening when his Ford tried to buck a Soo Line freight car off the track at Grand Avenue. All the auto passengers were seriously hurt and the Ford damaged.

—1917—

### Hampshire family visits in Arlington

Henry Muller and family drove in their Ford Sunday from Hampshire and visited their cousins, Mr. and Mrs. Henry Weber, in Arlington Heights. Mr. Muller raised 4006 bushels of wheat and oats besides corn and other crops. He can well afford to pay \$6.50 an acre rent and still make money farming.

—1917—

### Arlington team will try for \$100

Arlington Heights baseball team will play the Libertyville team for a purse of \$100 on the Lake county fair grounds, Libertyville, Saturday, Sept. 29. They will need as many Cook county friends as possible to root and help them bring home the honor and the money.

—1917—

### Harmening & Rahlfs AUCTIONEERS

H. W. Schnadt and Wm. Yackley, clerks, have booked the following auction sales: Guad Davis—Sept. 29; Mat Schuster—Oct. 1; Chas. Purnell—Oct. 10; M. Heinke—Oct. 31; Aug. Kreuckeburg—Oct. 15; Herman Eichelman—Oct. 16; Wm. Droegemüller—Oct. 17.

—1917—

players within the village and those outside the village area. Anyone wanting to know just where their tax dollar goes can get a fine idea of the whole situation by looking up one of those folders and studying that cut up of the tax dollar.

### MOSQUITOES

It was several miles from any town and located on a rather unfringed road. In addition to the buildings there were six acres of land and a good sized apple orchard, also many small fruits, such as gooseberries, raspberries, currants, etc. The rush of prospective customers was like the old time land rushes for the newly opened lands of the frontier.

We'd seen the Canadian land rush at its peak period, and we'd taken part in the last great land lottery on the American frontier years ago when hundreds of thousands of people registered for the drawings in Montana, Idaho and Washington. The rush for this piece of property out in the country about equalled any of them.

People poured out from the city to look at the property and the office telephone was busy from early in the morning until late in the evening. Neighbors said there were more cars running up and down the road than ever before. People were hungry for a place out in the country.

Even after it was announced that the place was sold people continued to want to know where it was so that they could take a look at it. The call of the wide open spaces is still strong in people in these modern times of centralization of population in the big cities.

—

### OFF THE BEATEN TRACK

Dr. Preston Bradley one day years ago said that the only way to enjoy a drive in the country was to take to the side roads and follow the unbeaten paths.

It's surprising that even on a big holiday such as Labor Day when so many people are on the move and the main roads are crowded with a terrific jam of traffic that one can find so many quiet unbeaten trails where the tranquility of the countryside reigns supreme. We took such a drive with some friends the evening of Labor Day.

Out in the western part of Palatine and through the rural areas of adjacent townships we found many quiet roads with hardly a car on them. The fine corn fields, alfalfa fields and green pastures added to the frequent groves and wooded areas made a beautiful sight as the sun sank below the western horizon.

Out in a big field along Ela road a lone cow was wading its way apparently homeward in the thick gathering dusk. Not another animal was anywhere in sight. We couldn't see any lane leading out of that field, but the lone cow was walking fast, stopping every once in a while to grab a mouthful of the lush grass.

We've often wondered if that cow made the home feedlot before night settled in, but not having heard any reports of missing cattle from any of the boys out in that area we presume that she did.

—

### THE TAX DOLLAR

People seem to be becoming increasingly tax conscious in these days of mounting tax dollars and are wanting to know where and how their tax dollars are used. The best illustration of just how much of each tax dollar is spent by each taxing unit that we have seen in a long time was that illustration in the prospectus put out by Consolidated School District 15 just before their bond issue election.

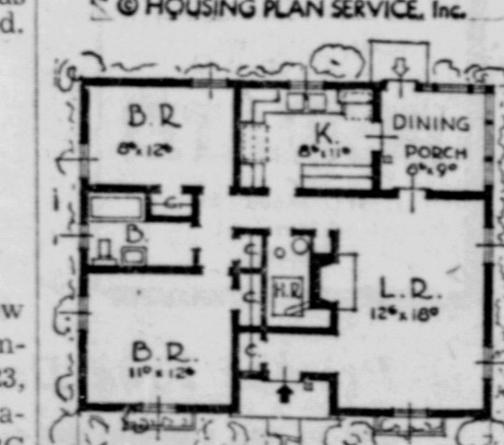

That illustration showed just how the tax dollar was cut up and what part of it went to each taxing body. It showed the breakdown for both the tax-dardevils.

—

### New ideas in homes

—

The Jeffry — Under economical hipped roof lies a world of charm and livability. The design takes advantage of the planning axiom

that the closer a house approaches the perfect square, the cheaper it is to build. This house, 35 feet by 28 feet, is the almost square house, it is a compact four room house, becomes five rooms by enclosing the dining porch. A heater room makes it possible to save the cost of basement. The 18 foot living room, has the luxury of an open fireplace. All rooms have cross ventilation. This attractive, functional home meets the standards of FHA, Electrical plans approved by National Adequate Wiring Bureau to insure maximum electrical efficiency at a minimum cost. Blueprints available at \$7.50 per set from Paddock Publications.

### It Happened Here

#### A Time To Rest

September comes when the bars are down, When fields and pastures are turning brown;

The acrid smell of ripening corn

Is native to September's morn. A mist lies on the fallow land, Shrouding the summer's last brave stand;

Like hints of riches long gone by, Sumac and bittersweet here we spy.

Asters and goldenrod and dusty weeds

Nostalgic odors have for one who needs.

September has strange lassitude

As tho for growth she has no mood;

She pauses and strange ichor-brews To furnish forth October's hues.

S'Amuser.

### In the future

New 16 millimeter sound movie projector housed in aluminum is 52 per cent lighter and 69 per cent smaller than comparable machines . . . Fly ash from industrial smokestacks, long a nuisance in manufacturing areas, is combined with formerly useless slag from soft coal furnaces to make a new type of building brick . . . Boudoir luxury climbs two more points with introduction of a folding sunlamp for the head of the bed and an electrical footwarmer for chilled toes . . . An air purifier that automatically destroys harmful bacteria and removes unpleasant household odors has been developed by a Chicago manufacturer . . . Plastic signs said to be free from reflections are announced by a New Jersey manufacturer . . . Neatest trick of the year is a tomato slicer that retains the juice while slicing evenly . . . A new paint made with synthetic resin dries in less than half an hour and is said to have the durability and finish of high class oil paints.

—

### Weekly recipe

Because it is light and fluffy and suited to a queen's taste it is called Queen's Delight. Simple make whether it is your first attempt at baking or you've baked forever. To make it good eating — make it with good ingredients.

Queen's Delight.

1 cup butter.

2 cups sugar.

6 eggs white.

3½ cups cake flour.

3 tsp. double acting baking powder.

½ tsp. salt.

1 cup milk.

1 tsp. vanilla.

**Paper Making**

Marco Polo, the greatest of medieval travelers, brought back to his native Venice the art of paper making after one of his trips to the Orient. Then more than a century later the art spread into Germany and another century later into England. The process did not reach America until 1690. In that year William Rittenhouse constructed the first mill near Philadelphia.

**Urge fall checkup  
of cars be made now**

A mechanical checkup of cars after long summer driving was recommended today by E. L. Harrig, national service manager, Chevrolet Motor Division, as a safety measure with the end of the vacation period and the return of children to schools.

"Most people drive more in the summer, and many add considerable mileage by long vacation trips," said Harrig. "It would certainly be wise for such owners to check their cars now, and be sure they are mechanically safe, particularly with the return of children to school and increased activity on the streets."

Harrig suggested:

1. Close examination of brakes and steering.

2. General engine, chassis and body inspection.

Safety and traffic experts point out more than 28,000,000 children will return to school in September, and emphasizes the necessity of extremely careful driving by motorists especially near school buildings.

**Wills filed****HARRY MOCHER**

The estate of Harry J. Mocher who died in Chicago intestate July 10, has been opened in probate court. His estate is estimated at \$1,300. His heirs are two daughters. They include Catherine Coale, 405 N. Willest., Mt. Prospect, who was named to administer the estate.

**NICHOLAS DAHM**

Nicholas Dahn, late of Rte. 2, Des Plaines, who died intestate September 2, left a \$9,000 estate, according to a probate estimate. His widow, Anna, is the principal heir and was named to administer his estate.

**POLITICIAN**

A man who made no election campaign and who did not have the highest number of electoral votes was elected President of the United States in 1824. The World Book Encyclopedia says that John Quincy Adams made little effort to get votes, and received 15 less electoral votes than the leading candidate, Andrew Jackson. Adams was appointed by the House of Representatives which was called upon to select a President because none of the candidates had a majority.

**RUDOLPH KOCHER**

The will of Rudolph F. Kocher, who died in Barrington July 8, leaving a \$2,500 estate, has been admitted to probate. He left the plumbing business of Kocher & Son to his son, except which for the unpaid accounts which go to his widow. He left his son, Walter, \$300, Walter, Jr., grandson, \$2, Laverne Kocher and Arvina Rice, grandchildren, \$200 each and Barbara Rice, great granddaughter, \$100. The residue of his estate he left to his widow. All live in Barrington.

**No-holds-barred info-seekers rule at state library**

Quiz Kids, information please, experts and all the other participants in radio quiz shows would run for cover after a day at the loan desk of the Illinois State Library, in the opinion of Secretary of State Edward J. Barrett, state librarian.

It's a no-holds-barred proposition there, Mr. Barrett said. Anything can happen, from a request for the correct spelling of "simoleon," the slang term for a dollar, to one for "something on the training of wild animals."

There is a seasonal aspect to the questions asked, the state librarian said, with requests for information on religious topics predominating during the Christmas and Easter periods and ones on Lincoln and Washington popular during February.

But in the midst of inquiries of that type will come one about the speed of a P. T. boat, the war debt of all the United Nations or "What bug has a silver white back, emerald green stomach, gold head and copper legs?"

One man wanted information on the town of Stevenson, Scotland. He said he sends food to a family there and was interested in knowing more about the community. Another wanted a suggested list of questions for an amateur Dr. I. Q. program. Others asked the amount of money spent on cosmetics and other beauty aids, statistics on the 1939 cost of living, how to fold a wedding invitation, a list of goddesses and "any easy books on modern Greek."

One fellow, with revenge in mind possibly, wanted to know who invented barbed wire, and asked for a biography of the inventor. Another, who presumably has just completed cleaning out his attic, asked the current value of a Mah Jongg set.

It frequently sends the loan desk librarians probing into obscure corners of the library. Mr. Barrett said, but if the information is there, they will find it.

**Square house****has charm and is practical, too**

Under this economical hipped roof is hidden a world of charm and livability. The design takes advantage of the planning approach that the closer a house approaches the perfect square, the more economical it is to build. This house, 35 feet by 28 feet, is the almost square house. It would fit comfortably on a plot fifty feet wide if the side yards required by code or deed restrictions do not exceed a total of fifteen feet.

The Jeffry is a compact four room house. The dining porch may be screened, or where the climate makes it advisable, may be glass enclosed turning the house into a five room home.

**THE JEFFRY**

boasts a living room unusual in a small house. Lighted and ventilated on three sides by four large windows (one of which may be a French window opening onto the porch,) it is eighteen feet long by twelve and a half feet wide, splendidly proportioned for good furniture arrangement about the centrally placed fireplace. Another feature unusual in small homes, is the spacious entrance vestibule with its roomy coat closet. The vestibule is entered from a roofed porch, enclosed on three sides, which eliminates chill and roof drip when getting out the front door key or cold rainy nights.

The detailed working drawings for this house show how it may be built either with or without a basement. Back of the fireplace, placed there so that a single, double flue chimney will suffice, is space for a heater room. If a basement is built, the inside cellar stairs are put in this space so handy to the kitchen.

**BOTH** bedrooms, each with a spacious closet, are corner rooms with two-way light and ventilation. The bath is between them and the linen closet is convenient to all three rooms. No room opens directly into another, yet the amount of space allotted to halls is negligible. The kitchen is arranged in the efficient "L" design, conceded by kitchen planners and home economists to be one of the three plans best adapted to hold down the labor of meal preparation.

Like all houses of our Housing Plan Service series, this attractive and functional home meets the property standards of the Federal Housing Administration. Its electrical plan was designed by the National Adequate Wiring Bureau to insure maximum electrical efficiency at a minimum cost. Architect's working drawings and specifications, drawn to the exacting requirements of Housing Plan Service, are available at \$7.50 per set. Send orders to Paddock Publications.

Another man from Arlington recently came through with flying colors and that was Frank Cory, whose great Irish Setter Champion Charles River Color Sergeant won the coveted Best of Breed Trophy. It might be added that Frank missed by a hair getting into the final judging for Best In Show. It was at this same show last year that one of Frank Cory's Pointers won the Best In Show award.

Other people from the area who had dogs in the show included Mrs. Harold W. Ragland of Mt. Prospect who entered a Scottish Terrier; Mrs. Robt. V. Liljeberg of Palatine; a Bözer; Robert T. Seaberg of Arlington Heights, a German Shepherd, and Tressa Thurmer of Palatine, two Chihuahuas.

Another man wanted information on the town of Stevenson, Scotland. He said he sends food to a family there and was interested in knowing more about the community. Another wanted a suggested list of questions for an amateur Dr. I. Q. program. Others asked the amount of money spent on cosmetics and other beauty aids, statistics on the 1939 cost of living, how to fold a wedding invitation, a list of goddesses and "any easy books on modern Greek."

One fellow, with revenge in mind possibly, wanted to know who invented barbed wire, and asked for a biography of the inventor. Another, who presumably has just completed cleaning out his attic, asked the current value of a Mah Jongg set.

It frequently sends the loan desk librarians probing into obscure corners of the library. Mr. Barrett said, but if the information is there, they will find it.

**Oldest church has 112th anniversary**

Members of Washburn Memorial Congregation church of Prairie View, oldest church in Lake county, is in process of celebrating its 112th anniversary.

The history of this congregation dates back to 1836, being the 1st church formally organized in Lake county. Beginning in 1835 as a preaching point on a 34 point circuit, it has continued under various denominational relationships to this present day.

Beginning as a Methodist meeting, it affiliated with the Cen-

gational fellowship in 1841. For a period following 1870 it was yoked in work with the Presbyterian church of Libertyville. In the late '80's of the last century, due to a large influx of German-speaking immigrants, it adopted German language services, omitting them in 1892. For a period in the early part of this century the church was inactive, reorganizing in 1941 as Washburn Memorial Congregational church, from which time it has continued as an active community church center in the area in and near Half Day.

**FOUR BLUEBIRDS ORCHESTRA**

RAYMOND G. MEYER, Proprietor

**Modern Etiquette**

by Roberta Lee  
1. Is "I know Miss Brown" the proper thing to say when being introduced to her for a second time?

2. If a bride wishes to wear her engagement ring during the wedding ceremony, on which finger should she wear it?

3. Should the gloves be removed in church?

4. Should the players of bridge talk while the game is progressing?

5. When a hostess has waited 15 or 20 minutes for a tardy dinner guest, should she telephone to see why he is delayed?

6. Is it all right to give bridal showers in the afternoon?

7. When one calls to see a friend who is ill, should he ask to see this person?

8. When entertaining a group of persons, whose duty is it to see that conversation does not

lag?

9. Is it proper to thank a waitress every time she serves one a dish?

10. Where should one introduce friends when meeting them in the theater?

11. When a hostess has arranged for some kind of game or entertainment, is it permissible for a guest to ask to be excused?

12. Is it all right for a man, in the back seat of a car with two women, to sit between them?

**ANSWERS**

1. No; this sounds as if it were trouble to make a second acknowledgment. Say, "Thank you, I have already had the pleasure of meeting Miss Brown."

2. On the third finger of her right hand. 3. This is entirely optional.

4. The players may talk while the cards are being dealt or shuffled, but the conversation should stop the minute the play begins, for concentration is necessary to play a good game.

5. No. She is privileged to go ahead and serve the dinner.

6. The evening is preferable for an affair of this kind.

7. No; perhaps the person is too ill to receive guests. It is better to wait until invited by some member of the family, or the nurse. The very fact that you called shows your interest in your friend's welfare.

8. No; but one should acknowledge any special service, such as bringing an extra fork.

9. Do not try to introduce friends in a crowded aisle. If necessary to make introductions, make them in the lobby or wait until you are seated. Even then, two persons who are seated some distance from each other should not be introduced.

10. Never; it is very discourteous to do so.

11. Yes.

12. It is estimated that every minute during the day and night a fire occurs somewhere in the United States.

Each year 15,000 persons are burned to death and many thousands injured.

Fires destroy property worth \$75,000,000 annually.

**DO YOU KNOW—**

It is estimated that every minute during the day and night a fire occurs somewhere in the United States. Each year 15,000 persons are burned to death and many thousands injured. Fires destroy property worth \$75,000,000 annually.

**Sue for \$51,000**

A jury was selected last week in the Waukegan Circuit court trial of the Gold Star Motor Service Co. of Barrington, which is being sued for \$51,000 damages by Nicholas J. Mayer, of 1248 Kensington road, Arlington Heights, and his mother, Mrs. Catherine Mayer.

The Mayers charged that on February 25, 1947 one of the firm's truck and trailer outfitts was operated by Willard R. Webster negligently, carelessly, without proper brakes, without regard to traffic lights and at an excessive speed, causing an accident at Evergreen street and Route 14 in Arlington Heights.

Mayer said that in the resulting collision he suffered a concussion and internal injuries. He seeks \$50,000. Mrs. Mayer asks \$1,000 for the car, which she says was completely destroyed.

### Sugar beet combines hailed as efficient

Sugar beet harvesters are remarkably efficient, says the Sugar Beet Journal, publication of sugar beet farmers in Mich., Ohio and Illinois. A combine will pay for itself in eight years if it harvests only 25 acres per season and the average yield is only 8.6 tons per acre, it points out.

And as the acreage and yield the machine shows a greater profit on the investment, it declares. If a farmer harvests 67.3 acres — the season average for last year — with an average 120 machines in the midwest beet yield of 8.6 tons per acre, he will save himself \$517.70 per season, or 88 cents per ton, over the cost of hand labor and lifting. If 100 acres per season are harvested, the savings are \$915 per season, or \$1.04 per ton.

This can go on up to where it is theoretically possible, the publication says, for a farmer to harvest 200 acres per season yielding 16 tons per acre, and not only pay for his machine in four years, but show a profit every year of \$4,608. Practically, a profit of \$1,880 per season is possible, it states, with 200 acres of 8.6-ton beets. This amounts to almost the original purchase cost of the harvester. One farmer in Michigan last year harvested 213 acres. Sixteen others harvested 100 acres or better.

Three-hundred machine harvesters will be in the midwest this fall. Farmers are advised to keep their machines well lubricated, and to operate them at a ground speed of not over 4½ miles per hour.

### Soil conservation

There are now an even 19 hundred soil conservation districts in the United States, all formed within the past 10 years. The organized districts include 60 percent of the country's farm land and include over four million farms. More than half a million complete soil and water conservation farm plans have been developed. In Illinois, Ernest D. Walker, extension soil conservationist at the University, reports that a total of 84 districts have been organized to date. And these 84 districts include all or part of 87 counties. Cook county is still trying to make its mind up about a Soil Conservation District.

"Here comes MORE service!"

Wherever you go these days you see Illinois Bell men working.

Yes, thousands of men are busy improving and expanding your telephone service. Ultimately it will mean more speed, accuracy and reliability on your calls. Our installers are putting in telephones at the rate of more than 1,000 every working day — in a constant race against the continuous flow of new applications for telephone service.

Fourteen new buildings and 32 additions to present buildings are now

under construction, and in 1947 alone we're adding nearly half a million miles of wire and installing almost 1,000 switchboard positions. The factories of Western Electric Company, our supplier, are humming day and night to provide us with the thousands of items we need.

The job is big, but we mean to keep at it until it is finished; until we can say:

"Here's your telephone service — even finer and faster than ever before, with enough for all who want it!"

ILLINOIS BELL TELEPHONE COMPANY

### September 21

#### CIRCLE S. RIDING STABLE.

As I am discontinuing my riding stable and will make arrangements at a different location, will sell at Public Auction at my place on Gross Point road, two blocks south of Oakton st., one half mile north of Touhy ave. in Skokie, Ill., on Sunday, September 21 at 1 p.m.

All of my personal property consisting of the following:

25 Head Saddle Horses, comprising school and pleasure horses. Also saddle bags and all the other equipment. 3 milk goats giving milk now, 2 young goats.

#### MACHINERY:

Rubber tire wheel harrow; Hay rack with steel gear bushels; 2 seated single seats; Single buggy; carriage; Rubber tired New Idea Deering Mower in first class condition; Hay rack; grain box; water tank; Water pump; 2 sets team harness; 2 sets single driving harness; Lumber, forks, shovels,

#### HOUSEHOLD FURNITURE:

Majestic refrigerator; Peoples gas stove; gas heating stove; 1 pc. bedroom set; dining room set; end table; cigar suite; Boot rack; Kitchen sink; Telephone stand; kitchen table; Two dressers, chairs, mirrors, etc.; Garbage burner; Many new; Quantity tools; milk cans. Many new.

#### TERMS:

Cash. No property to be moved until settled for.

### Civil service examinations

The U. S. Civil Service Commission today announced an examination for filling Economist positions in Washington, D. C., and nearby Virginia and Maryland, at salaries ranging from \$3,397 to \$5,905 a year.

No written test will be given competitors for these positions. To qualify, they must have had from 5 to 7 years of responsible experience in economic research, part of which must have been in a specialized branch of economics. Study in a college or university of recognized standing may be substituted for part or all of the required experience for the two lower salary grades, and for part of the experience required for the two higher grades.

Further information and application forms may be obtained from the Office of the Regional Director, Seventh U. S. Civil Service Region, New Post Office Building, Chicago 7, Illinois, from most first and second class post offices, or the United States Civil Service Commission, Washington 25, D. C. Applications must be received in the Commission's Washington office not later than September 30, 1947.

Terms: \$25.00 and under cash. Over the amount due, balance in 6 monthly installments. Nothing to be remitted until settled for with clerk. Please make arrangements for credit before purchasing.

Russell Porter Bartlett 2601, Aut. Bartlett State Bank, H. W. Schmid & Son, Clerks.

### October 15

Mrs. Grace Jackson will hold an auction October 15 on her farm located on Lake Street road (U. S. Route No. 20) between Bartlett and Elgin, three miles west of Ontario Park. Complete listing October 3 issue.

### October 22

Mrs. Albert Krueger will hold an auction October 22, on farm located at Medina. Complete listing October 10 issue.

New pig disease causes concern on local farms

What killed so many pigs last spring in Illinois? Most farmers reported about the usual number of pigs farrowed but deaths before the baby pigs became three weeks old were as high as 90 per cent on some farms. The Illinois State Veterinary Medical Association announced today that reports from practitioners throughout the state reveal now that the heavy mortality has been traced to a number of causes, and that hog raisers must guard against all of them.

Most unusual of the causes was a new baby pig disease discovered this year for the first time in Illinois. It broke out in widely separated areas. Authorities warn that it will recur. The cause has not been discovered, but it is believed to be of virus origin. The disease causes diarrhea, vomiting and rapid loss of flesh and afflicted baby pigs die by the time they are two or three weeks old. Diarrhea often is noted first in sows or other hogs on the farm.

Until this new baby pig disease broke out, a frequent cause of early losses was described simply as "baby pig disease" and it proved again this year to be as general and as deadly as ever. Newborn pigs seem to be normal, but within 24 to 48 hours they start shivering, their skin is cold, they will not eat and may burrow into their bedding. Many give a characteristic "graveyard squeal," fall into a coma and die. The disease usually is fatal unless emergency treatment is begun almost as soon as the first signs of the disease appear.

Pigs also died because the sows were deficient in iodine or iron and copper. Nutritional problems and digestive disorders in the sows were a contributing cause in some pig deaths. Various other causes were reported. Good management can help in saving pigs, according to the association. "A home-made hover is good pig life insurance," it stated. The association urges that swine breeders be on guard at all farrowing seasons because of the wide range of possible sources of baby pig losses, and that emergency treatment be undertaken at the first sign of trouble.

### Chinese Writing

The Chinese encyclopedia says the Chinese first wrote on thin strips of bark or bamboo board. Then for 300 years before and after Christ silk waste was used. Tsai Lun, famous Chinese statesman, was the inventor of paper made of vegetable fiber. In 105 A. D. he made paper of bark, hemp, rags and old fish nets. It is a far cry from the primitive equipment used by the Chinese consisting of a screen made from horsehair lashed to bamboo frames to the great modern machinery used today by the papermaking industry. Instead of horsehair copper alloy wire is used.

## YOUR DENTAL IQ

Your Dental IQ  
Contributed by the Committee  
on Dental Health Education of  
the Chicago Dental Society.Question: My ten-year-old  
daughter has broken off the tips  
of her upper front teeth. Can they  
be repaired and how? — D. M. K.Answer: Hazards of present  
day living including automobile  
accidents, athletic activities and  
bubble fountains, are responsible  
for the high percentage of fractured  
teeth. Children are the greatest victims  
and the upper front teeth the most frequently  
fractured.Successful repair depends upon  
the extent of the injury. One authority  
on children's dentistry classifies tooth fractures as of  
first, second or third degree. In  
first degree fractures, sufficient  
dentin remains to protect the pulp  
from thermal shock. Usually,  
the injury is such that simple  
smoothing of the rough edges  
may correct it. In second degree  
tooth fractures, the injury is  
greater, leaving only a thin layer  
of dentin over the pulp. By using  
a temporary appliance, the dentist  
may be able to protect the  
fractured tooth.

## Mission Maps

Many blank spots on standard  
maps of the Pacific area were filled  
in by the army map service from  
charts made by missionaries, by  
traders and skippers of the islands,  
and by surveys of oil and rubber  
companies. Today, however, the  
South Pacific is as well charted as  
Connecticut, for aerial photographers  
of the service mapped every  
square mile of the vast area. In the  
United States a re-mapping by aerial  
camera is now underway, with  
areas around army posts and valleys  
in which army engineers are  
working on flood control the first to  
be charted.

## New ideas in tools

World famous DoALL Contour Sawing Machine makes glass model of itself so that visitors to Machine Tool Show can see the intricate operating mechanism that makes this machine so versatile in cutting all types of materials from glass to sponge rubber. This machine is exhibited by the DoALL Company, Des Plaines. Left to right: Mr. R. W. Peterson of Des Plaines, Mr. R. C. Lee of Arlington Heights, Mr. R. Z. Kotiba of Chicago, and Mr. G. Sheppard of Prospect Heights.

The Contour Sawing Machine is a basic machine tool used in all types of industries for the cutting and shaping of materials that are hard, sticky, soft or spongy in fabricating products that are durable, lasting in quality and beauty.

This machine tool typifies the skill and ingenuity of American machine tool builders who have in the past decade supplied the world with the best in machine tools. It combines versatility and simplicity of operation for internal as well as external cutting of metals, wood, fabrics, plastics, glass and rubber to any radius.

Like the atomic bomb, it has revolutionized material cutting processes by preventing waste as the material is removed in chunks.

These machines and other related machine tools are being displayed by The DoALL Company of Des Plaines, Illinois, at booth No. 37 Machine Tool Show, Dodge Chicago Plant and booth No. 100 Production and Machine Tool Show, International Amphitheater.

The DoALL Company is also conducting a special exhibit at its Des Plaines Plant where it will demonstrate Friction Sawing, Screw Machining, Lathe and Milling Machines besides Spot Welders, Heat Treating Units and Gaging Instruments.

Application for the medal may be made at any army or navy recruiting station or at any office of the Organized Reserve. Veterans' organizations also are assisting in distribution of these medals.

Only proof of eligibility is the letter of notification of death. No notarized statements are required.

The next of kin is defined in the rules for distribution of these medals as the first of the following living relatives: widow or widower, eldest son, eldest daughter, father, mother, eldest brother, eldest sister or other relative.

Mr. Kehe also pointed out that living veterans may receive the World War II Victory Medal by merely presenting their original discharge to the sources of distribution.

He became personal supervisor of the water department, streets and alleys, sewers, garbage removal and building repair and maintenance in 1939 and was officially appointed to that position by Mayor Haake 2 years ago when all departments were combined under one superintendent.

In becoming a city employee, Diesness followed in the footsteps of his father Fred Diesness who was superintendent of streets for the city for 37 years until his death two years ago, and his grandfather, Henry Diesness, who was street commissioner of the township for about 40 years, before Park Ridge had been incorporated as a city.

Planning the garden on paper prior to planting makes it easier to arrange space so it can all be utilized. On heavy wrapping paper outline the dimensions of the garden, using a scale of one-eighth or one-quarter inch for each foot. Then decide what, when and where the vegetables are to be planted and draw the rows to scale on the map.

Vets can regain rank  
and special assignment

M/Sgt. Robert E. Elijah, local Army and Air Force Recruiting officer, stated today that veterans who were specialists in any of 275 army jobs and discharged since May 12, 1945, now may re-enlist as non-commissioned officers, with initial assignment at Orchard Place Airport, Park Ridge, Ill. Their grade depending on their length of service, experience, skill and the grade discharged at.

Following are a few of the military occupational specialties: 004, 013, 014, 017, 034, 037, 039, 042, 043, 050, 055, 056, 060, 063, 065, 067, 076, 078, 080, 081, 096, 097, 204, 234, 239, 268, 279, 282, 301, 319, 320, 227, 234, 238, 242, 256, 267, 268, 286, 348, 359, 366, 383, 406, 409, 425, 433, 436, 439, 440, 458, 502, 514, 522, 533, 550, 561, 572, 574, 580, 594, 609, 620, 631, 637, 646, 649, 657, 662, 673, 747, 750.

Vets may obtain additional information at the Army and Air Force recruiting station, post office building, Evanston. The office is open from 8 a.m. to 5 p.m. Monday through Saturday.
